Sanitation Services

SPACING GUIDELINES

Please place the roll carts facing the point of collection (street or alley), with the handle side toward the residence.

Allow for 3 feet on each side of the roll cart for collection equipment to maneuver.
(Imagine allowing room for 3 little penguins to bust a move)

All roll carts must be 18” (height of a penguin) or more from any obstacle.
(That is the height of a Rockhopper penguin, for you penguin experts!)
