#### **GENERAL FUND MAJOR REVENUE SOURCES**

The revenue sources described in this section account for \$902,270,875 of the City's total General Fund operating revenues and \$210,058,159 of the Tax Supported Debt Service revenues.

#### **PROPERTY TAXES**

Property (ad valorem) taxes attach as an enforceable lien on property as of each January 1st. The City's property tax is levied each September on the assessed value listed as of the prior January 1st for all real property and income-producing personal

property located in the City. Assessed values are established by the four Counties in which the City of Dallas is located, 100% of the estimated market value and certified by the Appraisal Review Board. The assessed taxable value for the tax roll as of January 1, 2012 (upon which the FY 2012-13 levy is based) is \$83,681,721,883. The 2012 tax roll is 2.06% more than the 2011 tax roll.

The City is permitted by Article XI, Section 5 of the State of Texas

Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt. The tax rate for the year ending September 30, 2013 is 79.70¢ per \$100 of which 54.39¢ is allocated for general government operations and maintenance and 25.31¢ is allocated for general obligation debt service payments.

Taxes are due January 31st following the September levy and are considered delinquent after January 31st of each year. Based upon historical collection trends, current tax collections for the year ending September 30, 2013 are estimated to be 97.43% of levy and will generate \$443,447,662 in General Fund revenues and \$206,355,218 in Debt Service revenues for a total of \$649,802,880 in revenues. Prior year taxes, penalties, and interest are expected to produce an additional \$11,349,558 in revenues.

#### **AMBULANCE REVENUES**

The Dallas Fire Department provides emergency ambulance services within the boundaries of the City of Dallas and the City of Cockrell Hill to any person requesting aid. The emergency medical staff transports the individual or individuals to a hospital providing emergency aid for a transport charge plus itemized charges. The charge is \$800 for residents and \$900 for non-city residents, and \$125 for treatment/non-transport services.

The billing and collection of ambulance fees is provided by an outside agency through a contract with the City of Dallas. To estimate the FY 2012-13 revenue, historical information is used to project the gross amount billed, and a projected collection rate is applied to this amount.

#### **SANITATION SERVICES REVENUE**

Sanitation Services Revenue is collected to match the cost of providing garbage collection, brush and bulky collection, and recyclables collection services for residential customers and a few small commercial customers. This revenue is based on fees, which are collected through the monthly utility bills issued by Dallas Water Utilities. The FY 2012-13 estimated revenue is determined by multiplying the current residential rate of \$20.25 per month (no change from FY 2011-12) by the projected number of residential customers, plus estimates for fees for "pack out" service, commercial customers' fees, and fees for collection of dead animals from vets and pet rescue shelters. The Sanitation rate is directly supported by revenues from the residential recycling program – which is estimated to decrease by 6% from the FY 2011-12 recycling revenue budget. In addition, an allowance of 1.25% is assumed for uncollectible accounts.

#### PRIVATE DISPOSAL REVENUE

Private Disposal Revenue is collected primarily at the McCommas Bluff Landfill from private (commercial) waste haulers for the privilege of disposing of solid waste at the site. The rate at the McCommas Bluff Landfill stays unchanged at \$21.50 per ton in FY 2012-13. The Bachman Transfer Station rate remains unchanged at \$47 per ton. City of Dallas residents hauling their own household and yard wastes are exempt from the fees. Commercial haulers may also elect to enter into a disposal contract with the City, allowing for a discount from the posted rate in exchange for a guaranteed minimum amount of waste disposal over a specific time period. The FY 2012-13 figure is determined by projecting an estimate for commercial waste tons to be delivered to the landfill at the solid waste disposal fee, with consideration for waste tonnage under disposal contracts continuing into FY 2012-13.

#### **FRANCHISE FEE REVENUE**

The City of Dallas maintains non-exclusive franchise agreements with utilities and other service providers that use the City's right-of-ways to provide services to the public. These franchise ordinances provide for compensation to the City in the form of franchise fees. These fees are in lieu of all other fees and charges related to the use of the right-of-ways. They are in addition to sales and ad valorem taxes.

Generally, franchise fees are calculated based on a percentage of the companies' gross receipts as a result of doing business in Dallas. Cable TV providers such as Time Warner, AT&T and Verizon, pay a fee equal to 5% of gross receipts, paid quarterly, 45 days after the end of the period covered. Franchise fees for Atmos Energy are 5% of their gross receipts, paid quarterly, by wire transfer. Projections for FY 2012-13 revenues for cable are based on historical data trended forward using regression analysis. Franchise fees for TXU Electric are based on a fee per kilowatt hour consumed and are projected for FY 2012-13 using historical data, trended forward by statistical analysis techniques and normalized for weather.

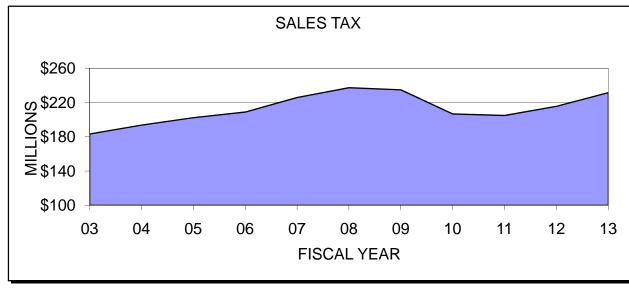

Certificated telecommunications providers no longer pay franchise fees to the City. Pursuant to Local Government Code 283 telecommunications providers must compensate the City for use of the right-of-way on a per access line basis. These fees are to be paid to the City 45 days after the end of each calendar quarter. It is anticipated that these municipal fees for all telecommunications providers in the City will total \$28,341,232 for FY 2012-13.

#### **MUNICIPAL COURT REVENUES**

Court and Detention Services collects fines and fees on Class C Misdemeanor citations, including moving/non-moving traffic violations and State law/City ordinance violations. Revenues are collected at cashier windows, by mail-in payments and through express mail depositories. Delinquent accounts are forwarded to a collection agency for additional collection efforts. The methodology used to project revenues is a combination of straight lining actuals, historical analysis and multi-year averaging.

#### **SALES TAX**

The sales tax rate in the City of Dallas is 8.25% of taxable goods or services sold within the City limits. The tax is collected by the retriever at the point of sale and forwarded to the State Comptroller's Office on a monthly or quarterly basis. Of the 8.25% collected, the state retains 6.25% and distributes 1% to the City of Dallas and 1% to the Dallas Area Rapid Transit transportation authority.

As illustrated in the accompanying graph, sales tax receipts have increased from \$183.2 million in FY 2002-03 to a projected \$231,463,168 million in FY 2012-13. Sales tax revenues are historically volatile; therefore, actual collections may differ significantly from the budgeted amount.

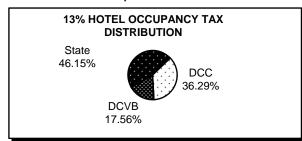

#### **SECURITY ALARM PERMIT FEE**

The City of Dallas charges an annual permit fee of \$50 for a residence and \$100 for a business permit. A permitted alarm site is allowed three free false burglar alarms in a twelve-month period. The 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> false burglar alarms are \$50, 7<sup>th</sup> and 8<sup>th</sup> false burglar alarms are \$75 while the 9<sup>th</sup>+ are \$100 each. All Panic/Hold-up false alarms for a residence are \$100. The 1<sup>st</sup> Business Panic/Hold-up false alarm is \$100, 2<sup>nd</sup> is \$200, 3<sup>rd</sup> is \$300 while 4<sup>th</sup>+ are \$400 each.

#### **ENTERPRISE FUND MAJOR REVENUE SOURCES**

#### **HOTEL OCCUPANCY TAXES**

The Hotel Occupancy Tax rate in the City of Dallas is 13% of the room rate charged within the City limits. The tax is collected by the hotel at the point of sale and forwarded to the State (6%) and City (7%) on a monthly basis.

Of the 7% received by the City of Dallas, 32.6% of it is distributed to the Dallas Convention and Visitors Bureau (DCVB) to market and promote the City of Dallas as a convention and tourist destination and 67.4% of it is retained by Dallas Convention Center to support operations and capital improvements.

Hotel occupancy tax revenues are historically volatile; therefore, actual collections may differ significantly from the budgeted amount. For FY 2012-13, the City's portion of the Hotel Occupancy Tax revenue (7%) is projected at \$37,600,000. The distribution of

the 13<sup>%</sup> hotel occupancy tax is illustrated in the accompanying graph.

#### **STORM WATER REVENUES**

The Storm Drainage Management Utility Revenue is collected to support the cost of compliance with the City's storm drainage discharge permit with the Texas Commission on Environmental Quality (TCEQ), operation, maintenance and enhancement of the levee system, and operating and maintenance of the City's storm natural and improved storm drainage system. Compliance activities include, but are not limited to: water quality sampling and analysis; creek monitoring; public education and outreach; hazardous spill response, cleanup and disposal; construction compliance inspections, industrial facility inspections; and engineering, design and inspection of storm sewer infrastructure. Drainage system operating and maintenance activities include, but are not limited to: natural and improved channel maintenance; creek, river and levee maintenance; cleaning and maintenance of storm sewers and inlets; and monthly sweeping of the City's major thoroughfares. The fee is billed and collected through the monthly water bill.

The FY 2012-13 projected revenue and rates are based on the 2009 rate and structure study. Proposed fees are based on size (gross parcel size), a calculated drainage area, and general use (raw vacant land, residential, or commercial) of each property within the City. FY 2012-13 projected revenue provides for at least a 30-day fund reserve in accordance with the City's Financial Management Performance Criteria.

#### WATER/WASTEWATER REVENUES

The Water Utilities Department is owned and operated by the City of Dallas as a self-supporting enterprise fund. The department receives no tax dollars and earns its revenues through the sale of water and wastewater services in five customer classes. These classes are Residential, General Service, Municipal, Optional General Service, and Wholesale. The wholesale customer class is comprised of 23 communities outside the City of Dallas which receives water service, and 11 communities, which receive wastewater service. Rates for each class are determined by a cost of service study that assigns costs to each class based on the department's cost to provide them with these services.

The breakdown of the source of revenues from these customer classes is as follows:

- 37.7% of the revenues come from the Residential class,
- 42.6% comes from the General class.
- 0.9% comes from the Municipal class,
- 3.1% comes from the Optional General class
- 15.8% comes from the Wholesale class.

These revenues are used to pay for the following:

- Operating and maintenance costs of providing water and wastewater service to customers,
- Debt service (principal and interest) on outstanding debt used to design and construct the facilities necessary to provide these services,
- Street Rental payment (equivalent to franchise fees assessed to other utilities) to the General Fund for the use of the City's right-of-ways,
- Cash funding for capital improvement facilities not funded through the sale of revenue bonds or other debt.

The Water Utilities Department also receives other miscellaneous revenues such as, but not limited to, interest earnings, connection fees, and system improvement contributions. In FY 2012-13, water and wastewater revenues will total \$564.0M including a 5.1% increase in retail revenues. Water revenues can fluctuate depending on the summer temperatures and the amount of rainfall in the area.

The Emergency Reserve, a component of unassigned fund balance, shall be used to provide for temporary financing of unanticipated or unforeseen extraordinary needs of an emergency nature; for example, costs related to a natural disaster or calamity, a 5% decline in property values, or an unexpected liability created by Federal or State legislative action. Funds shall be allocated from the Emergency Reserve only after an analysis has been prepared by the City Manager and presented to City Council. The analysis shall provide sufficient evidence to establish that the remaining balance is adequate to offset potential downturns in revenue sources. The analysis shall address the nature of the adopted expenditure and the revenue requirement in subsequent budget years. Prior to allocating funds from the Emergency Reserve, the City Council shall find that an emergency or extraordinary need exists to justify the use of these funds. Funds shall be allocated each year in the budget process to replace any use of the Emergency Reserve funds during the preceding fiscal year to maintain the balance of the Emergency Reserve levels.

Funds shall be allocated from the Contingency Reserve only after an analysis has been prepared by the City Manager and presented to the City Council outlining the initial and recurring costs associated with the adopted expenditure. Additionally, these funds would be used prior to use of the Emergency Reserve funds. A Tax Increment Financing Reinvestment Zone may not be created if more than 10 percent of the property in the adopted zone, excluding property dedicated for public use, is used for residential purposes. "Residential purposes" includes property occupied by a house, which is less than five living units.

In Compliance

33. Pursuant to the provisions of the Texas Tax Code, the City creates reinvestment zones both for tax increment financing ("TIF RZ") and for the tax abatement ("TA RZ"). TA RZs are created for the purpose of granting tax abatement on real or business personal property or both located in the TA RZ. For the FMPC, TIF RZs and TA RZs shall be referred to as Reinvestment Zones ("RZ").

In Compliance

No RZ can be created if the total property tax base of certain TIF RZs plus the total real property and business personal property tax base (if there is business personal property tax being abated) of TA RZs exceeds 10% of the total tax base (all real and business personal property) of the City. 35. All adopted PID or TIF debt issuances supported by a district's revenues, are subject to the following criteria:

- Coverage Tests The project should provide for revenues, net of overlapping taxes, of 1.25 times maximum annual debt service requirement. The issuance of TIF bonds may be considered prior to achieving coverage ratio of 1.25 if:
  - a developer or property owner provides a credit enhancement such as a letter of credit or bond insurance from an AAA-rated financial institution for the entire amount of the debt issue; and
  - o in the event that there is insufficient TIF increment revenues to retire TIF bonds, which event consequently requires that the credit enhancement mechanism be called upon to service the TIF bonded indebtedness, contingent liability to reimburse a credit-enhancer would be the sole liability of the developer or its affiliates; and
  - in the event that there are changes in the rating of the financial institution providing credit enhancement, then that institution shall be replaced with an AAA-rated financial institution within 90 days; and
