## *Code Amendments and Area Plans*

Quality of Life  
Committee Briefing  
February 26, 2007

# Purpose

- Review proposed process and Advisory Committee for Dallas Code Amendments
- Review proposed process and Advisory Committees for first two City led Small Area Plans:
  - Stemmons Medical District
  - UNT Campus District

# Development Code Amendments Consultant Team

- Code Studio (Lead consultant)
- Baldwin Associates (Local Planner)
- Fregonese Calthorpe Associates (modeling and testing)
- Van Meter Williams Pollock (Urban Design)
- Carl Walker Inc. (Parking)

# Development Code Amendments Goals

- Craft enabling legislation for new zoning tools to encourage desirable mixed use projects in new development and redevelopment situations
- Create a preferred alternative to Planned Development Districts for zoning in high priority areas like DART transit stations, major employment areas, TIF Districts and the Trinity River Corridor
- Coordinate with concurrent Trinity River Corridor zoning efforts and *forwardDallas!* Small Area Plans

# Development Code Amendments Objectives

- Mixed use zoning districts that are form-based and performance-based rather than use-based
- Urban design standards that promote walkable environments
- Parking standards that work in a variety of urban situations

# Development Code Amendments Proposed Public Input Process

- Extensive stakeholder interviews
- Regular monthly Advisory Committee meetings/workshops
- Briefings to Zoning Ordinance Advisory Committee and Joint Council Committee (Quality of Life and Trinity) at three key milestones:
  - Project Initiation
  - Regulatory Approach
  - Draft Ordinance

# Code Amendments Public Briefing/Hearing Process

- One round of community meetings/open houses in coordination with Budget Town Hall meetings to receive comments on preliminary draft ordinance
- City Plan Commission and full City Council briefings and hearings at the final draft ordinance stage

# Code Amendments Advisory Committee Role

- Serves as a sounding board for ideas and approaches
- Provides policy direction at major project milestones
- Represent stakeholder interests as broadly as possible

# Code Amendments Advisory Committee Composition

- Maximum recommended size – 24 members
- Seven member Urban Design Advisory Committee of the City Plan Commission will serve as the core group
- Additional appointees should represent a balance of stakeholder interests from key focus areas where diverse mixed use or Transit-Oriented Development is anticipated

# Code Amendments Advisory Committee Composition

- Key geographic focus areas:
  - Trinity River Corridor
  - Southwestern Medical District
  - UNT Campus Area
  - Vickery Meadow
  - Skillman Corridor
  - Cedars
  - Oak Cliff
  - South Dallas/Fair Park
