

Memorandum

CITY OF DALLAS
(Report No. A19-003)

DATE: December 7, 2018

TO: Honorable Mayor and Members of the City Council

SUBJECT: Audit of MuniServices, LLC Contract – Summary of Sales/Use Tax Receipts and Associated Fees¹

On September 8, 2010, the City of Dallas (City) entered into a contract with MuniServices, LLC (Consultant) to complete a tax-compliance review related to sales/use tax and provide recovery services for unpaid sales/use tax on a contingent fee basis. Since contract inception (see Table I in Attachment I), the Office of the City Auditor has verified a total of:

- \$6,171,795 in sales/use tax receipts collections the Consultant identified as owed to the City [\$121,890 of these collections related to Fiscal Year (FY) 2018]
- \$1,649,221 in Consultant invoices for payment of the Consultant's percentage of the amount collected under the contingent fee² contract arrangement with the City (\$35,449 of these invoices related to FY 2018)

Through a variety of means, the Consultant identified businesses operating in the City that were not properly collecting and/or reporting sales/use tax. Then, the Consultant worked directly with the identified businesses to achieve voluntary tax compliance by assisting the businesses with tax code interpretations and preparation of amended tax returns. If businesses did not voluntarily comply, referrals were made to the Texas State Comptroller of Public Accounts requesting audit assistance to achieve compliance.

The contract, including a six-month Correction Period and a two-year Completion Period, ended in July 2018 (see Attachment I). A new vendor, TexasCityServices, LLC, was selected starting January 1, 2017 to continue providing sales/use tax services to the City. Please see *Audit of TexasCityServices, LLC Contract Related to the Verification of Sales/Use Tax*

¹ These audits were conducted under the authority of the City Charter, Chapter IX, Section 3 and were part of our Fiscal Years (FYs) 2010 through 2018 Audit Plans approved by the City Council. These performance audits were conducted in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective. The audit objective was to determine whether the fees associated with MuniServices, LLC's (Consultant) identification of incorrectly remitted sales/use tax for FYs 2011 through 2018 were accurate and supported by the Texas State Comptroller (Comptroller). We obtained Comptroller quarterly sales/use tax data and compared it to the data submitted by the Consultant. We also recalculated the fees based upon the contract provisions.

² The Consultant invoices were not paid until the Office of the City Auditor verified that the City received the additional sales/use tax in sales tax receipts collections.

ATTACHMENT I

Background

In October 2008, the Office of the City Auditor issued an *Audit of City of Dallas Businesses Remitting Sales Tax to Other Municipalities* (Report No. A09-001). This report identified 72 businesses located within the City of Dallas (City) that might be incorrectly remitting sales/use tax to other municipalities. These businesses were referred to the Texas State Comptroller of Public Accounts (Comptroller) for evaluation.³ The Comptroller researched the 72 businesses and determined that: (1) twenty-one were incorrectly remitting sales/use tax to other cities and approximately \$50,000 in sales/use tax was reallocated to the City; and, (2) fifty-one would not have sales/use tax reallocated to the City for various valid reasons.

The Office of the City Auditor continued evaluating whether businesses located within the City were correctly remitting sales/use tax by working with the City Manager's Office to contract with MuniServices, LLC (Consultant) to provide on-going sales/use tax compliance review services. The Office of the City Auditor validated the additional sales/use tax collected and associated contingency based fees quarterly.

MuniServices Contract

On September 8, 2010, the City entered into a three-year contract with the Consultant to complete a tax-compliance review related to sales/use tax and provide recovery services for unpaid sales/use tax on a contingent fee basis. The contract ended on September 7, 2013 and was renewed for two one-year extensions. At the end of the second-year extension, the City extended the contract for four months through an Administrative Action and officially opted not to renew the contract on January 7, 2016. The contract then went into a six-month Correction Period and a two-year Completion Period that ended on July 7, 2018 which allowed the Consultant to continue to process unpaid sales/use tax for businesses the Consultant had identified prior to January 7, 2016.

The City initially agreed to pay the Consultant a contingent fee of 30 percent of the sales/use tax revenue received by the City from correction of taxpayer reporting errors detected and documented by the Consultant. On March 31, 2011, the contingent fee was reduced to 25 percent and retroactively applied to fees previously paid to MuniServices through September 7, 2013. The initial contingent fee of 30 percent was reinstated when the contract term was extended on August 14, 2013 and remained effective when the contract term was extended on August 13, 2014.

³ State regulation restricts the City of Dallas's access to the sales/use tax amount paid by individual businesses, so the potential monetary impact could not be determined by the Office of the City Auditor.

³ A separate report that included a summary of sales/use tax collection and the associated Consultant fees was issued for each of the fiscal years shown above except Fiscal Year 2018.
