

Memorandum

CITY OF DALLAS

DATE June 21, 2019

TO Honorable Mayor and Members of the City Council

SUBJECT **June 26, 2019 Agenda Item #84 – Fill Permit 18-07 for 9301 Sandyland Boulevard**

The purpose of this memo is to share information regarding the environmental impact and the public acquisition report for fill permits. Fill Permit 18-07, located at 9301 Sandyland Boulevard, involves the reclamation of 5.7 acres of the current 24.08 acres of floodplain on this property near Prairie Creek.

A neighborhood meeting was held at the Kleberg-Rylie Recreation Center on June 6, 2019; two citizens from the area attended. There has been no objection to this permit.

An environmental impact study is not required for this fill permit. Since there is no impact to wetlands or waters of the United States, permitting under Section 404 of the Clean Water Act is not required.

Park and Recreation and the Department of Sustainable Development and Construction reviewed the application for public acquisition. Neither department objected to the proposed fill permits.

This application meets the engineering requirements outlined in the Dallas Development Code, Section 51A-5.105(h), floodplain regulations; as such, it is recommended that the City Council approve the fill permit application. Alternatively, the City Council may resolve to acquire the property under the laws of eminent domain and may then deny the application.

Please let me know if you need additional information.

Majed A. Al-Ghafry, P.E.
Assistant City Manager
