For additional details on each of these winning projects, please visit our website at www.dallascityhall.com/scs/community.html and click the *Grant Winners* link. As the result of a generous grant provided by the Communities Foundation of Texas, the City of Dallas will now be able to hold another LMC Neighborhood Improvement Grant cycle - scheduled to begin in late February 2010.

About the program

The LMC program provides financial assistance to resident groups to create community operated projects/programs to address specific neighborhood needs and improve quality of life. Selected projects/programs that present a community effort to contribute to a strong, stable and healthy neighborhood could win a maximum of \$10,000 in grant funds. Grant applicants must be community-oriented organizations, such as homeowners and neighborhood associations or other community groups.
