SERVICE ALERT FAQs

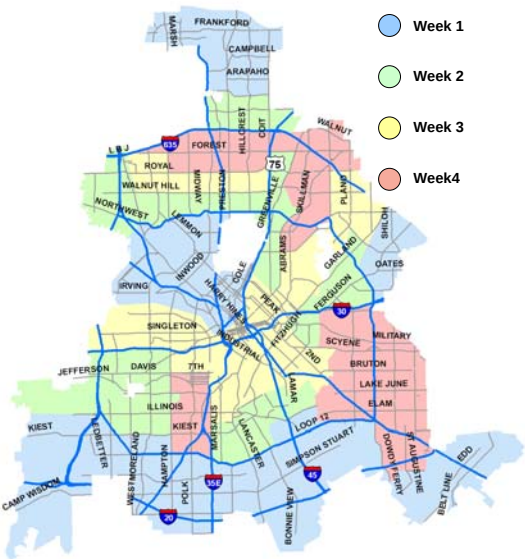
The City of Dallas Sanitation Services department will NOT be picking up BULK/BRUSH GARBAGE the week of October 31 thru November 4 because it is a 5th Monday week.

WHY?

The City doesn't collect bulk/brush garbage during 5th Monday weeks. Collections are made during the weeks of the first, second, third, and fourth Mondays of each month. During 5th Monday weeks, our crews receive training and equipment is serviced to keep it in good working order.

SO WHEN WILL MY ITEMS BE COLLECTED?

Residents with **4th week** bulk/brush garbage collection **for October** will have their items picked up between **October 24 and 28.**
Those with **1st week** bulk/brush garbage collection **for November** will have their items picked up between **November 7 and 11.**



WHAT IF I DON'T KNOW MY COLLECTION WEEK?

Most homeowner and neighborhood associations place signs in their neighborhoods indicating when bulk/brush garbage will be collected. If you live in an area that doesn't, you can check this map to determine your collection week.

Once you know your week, then just **count the Mondays in any given month** to find out when your items will be collected.

If you're unable to determine from the map or need assistance determining your bulk/brush garbage week, call 311 and one of our service agents can help you.

WHAT ABOUT GARBAGE AND RECYCLING COLLECTIONS?

THIS NOTICE ONLY APPLIES TO BULK/BRUSH GARBAGE COLLECTIONS. The City will be collecting regular garbage and recycling during this time.
