## *RFCS- Request for Competitive Sealed Proposals*

## *RFQ- Request for Qualifications*

A document defining the project scope of requested personal, professional, or planning services, which scope is used to notify consultants of the City's intent to contract and to request a written response of their interest. An award may be made from an RFQ only or will be considered as a first step prior to the issuing of an RFP for shortlisted proposers.

A procurement process outlining the City's needs for performance of a consulting service, revenue, or similar project, its objectives, scope of work, evaluation, and qualifications criteria, and other pertinent facts needed in preparing a proposal to perform the requested work for the City.
