Accessory Dwelling Unit Overlay (ADUO) Neighborhood Committee Form

Date: _____
Neighborhood/Subdivision Name: _____

Primary Contact Name: _____
Phone Number: _____
Email: _____

Property owners in our neighborhood are interested in seeking an Accessory Dwelling Unit Overlay (“ADUO”) District. The undersigned are the members of our Neighborhood Committee. We agree to work with staff to establish proposed regulations and boundaries for the district, collect signatures on the petition initiating the rezoning request, and serve as primary points of contact between staff and property owners. We understand that our contact information may be distributed to other property owners in the neighborhood as part of this petition process.

The Neighborhood Committee must include the owners of at least 10 properties within the boundary of the proposed ADU Overlay District. Committee members should be geographically dispersed throughout the proposed ADU Overlay boundary to ensure that the neighborhood is adequately represented. The Neighborhood Committee must maintain at least 10 members throughout the ADU Overlay process.

A map and written description of the proposed boundaries of the ADU Overlay District must be attached and submitted to the Sustainable Development and Construction Department in order to begin processing this request.
