BACKGROUND

Gardenview Drive from Alto Garden Drive to Loma Garden Avenue was requested by property owner petition, accepted on May 9, 2012 and included in the 2012 Bond Program as a Street Petition Project.

On May 27, 2015, City Council authorized a professional services contract with Dal-Tech Engineering, Inc. for the engineering design of street improvements on Gardenview Drive from Alto Garden Drive to Loma Garden Avenue by Resolution No. 15-0955.

This action will authorize the project, partial payment of costs by assessment, and a benefit assessment hearing. The improvements will consist of a 26-foot wide concrete pavement with curbs, sidewalks, drive approaches, drainage, and water and wastewater main improvements.

The paving assessment process requires the following three steps:

April 25, 2018

WHEREAS, the City of Dallas deems it necessary to permanently improve the hereinafter named street within the City of Dallas.

Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

SECTION 1. That the following street

Gardenview Drive from Alto Garden Drive to Loma Garden Avenue

shall be improved in the following manner, to wit:

- (1) That said street shall be profiled so as to bring same to design grade.
- (2) That said street shall be paved from curb to curb with 6-inch thick 4000-pounds per square inch reinforced concrete pavement; with 6-inch thick lime stabilization base course; with 6-inch high integral curbs; with 6-inch thick reinforced concrete drive approaches; with 4-inch thick reinforced concrete sidewalks 4-feet wide so that the roadway shall be 26-feet in width; and

That any permanent improvements in place, meeting these specifications, or which can be utilized, shall be left in place, if any, and corresponding credits to the property owners shall be allowed on the assessments.

That bids shall be taken for the construction of the work for the type of construction enumerated above, and the work shall be done with the materials and according to plans and methods selected by the City Council after the bids are opened.

That the cost of said improvements shall be paid for as follows, to wit:

April 25, 2018**SECTION 1.** (continued)

That the cost shall be assessed against said owners and their property respectively, in accordance with what is known as the "Front-Foot Plan", in proportion as the frontage of the property of each owner is to the whole frontage improved and shall be payable in monthly installments not to exceed one hundred twenty (120) in number, the first of which shall be payable within thirty (30) days from the date of the completion of said improvements and their acceptance by the City of Dallas, and one installment each month thereafter until paid, together with interest thereon at the current rate established and adopted by the City Council applicable to Public Improvement Assessment Accounts being paid by installments and not to exceed the statutory rate, with the provision that any of said installments may be paid at any time before maturity by the payment of the principal and the accrued interest thereon. Any property owner against whom and whose property an assessment has been levied may pay the whole assessment chargeable to him without interest within thirty (30) days after the acceptance and completion of said improvements.

Provided that, if the application of the above-mentioned rule of apportionment between property owners would, in the opinion of the City Council, in particular cases be unjust or unequal, it shall be the duty of the said Council to assess and apportion said cost in such manner as it may deem just and equitable, having in view the special benefits in enhanced value to be received by each owner of such property, the equities of owners, and the adjustment of such apportionment, so as to produce a substantial equality of benefits received by and burdens imposed upon such owners.

That no such assessment shall be made against any owner of abutting property, if any, until after the notice and hearing provided by law, and no assessment shall be made against an owner of abutting property in excess of the benefits to such property in enhanced value thereof by means of such improvements.

That the contractor shall be paid for the work performed under the specifications, upon monthly estimates to be prepared by the Director of the Department of Public Works. That there shall be deducted as a retainage fee, five (5%) percent of such monthly estimates, to be held by the City of Dallas until the contract is performed and executed to the satisfaction of the Director of the Department of Public Works. The monthly estimates shall be paid on or before the 10th day of the next succeeding month for the work performed during the previous month.

April 25, 2018**SECTION 1.** (continued)

For that part of the cost of the improvements that shall be determined to be levied against the owners of abutting property and their property shall be levied by assessment as herein provided, and said improvements may further be secured by Mechanic's Liens to be executed in favor of the City of Dallas, provided by law in accordance with the terms and provisions of this resolution. Paving certificates evidencing the assessment shall be issued in favor of the City of Dallas for the amount of the assessment, whether the property owners have executed Mechanic's Liens to secure the payment or not, and shall be payable for the use and benefit of the Revolving Fund established for the purpose of financing paving improvements.

That the Director of the Department of Public Works is hereby directed to prepare at once the specifications and an estimate of the cost of such improvements and file the same with the City Council for the hereinabove described pavement and improvements. That in the specifications prepared, provision shall be made to require all contractors to give such bonds as may be necessary or as required by law.

That such specifications shall require the bidder to make a bid upon the type of improvements above described, with such bonds as may be required.

That the specifications shall also state the amounts of the required bonds, as well as the method by which it is proposed to pay the cost of said improvements, said method being in accordance with this resolution.

SUBJECT

Authorize an agreement with Brixmor Property Group, Inc. for the donation of revised design plans for construction of the Wynnewood Drainage Improvements Project (Project No. TWM17VD032 - Zang-Illinois) on the 2017 Bond Program (the "Project") - Financing: No cost consideration to the City

BACKGROUND

The Project was originally on the 2006 Bond Program and involves upsizing the drainage infrastructure from Wynnewood Drive to the South Branch Cedar Creek Tributary No. 1, just east of Llewellynn Avenue, to convey local neighborhood drainage through the adjacent Wynnewood Village Shopping Center. The Project includes about 2,200 lineal feet of 8 feet by 8 feet reinforced concrete box storm drainage pipes, along with the creek outfall structure, and associated appurtenances. The Project was designed and ready for bid for construction as a part of the 2006 Bond Program; however, the City was unable to attain the easement(s) necessary to support construction. In 2015, the Project was cancelled and the funds were re-allocated towards other critical bond program drainage projects.

The construction funding was subsequently included in the 2017 Capital Bond Program, with \$1.727 million dollars within the Storm Drainage Proposition, and the remaining \$2.273 million dollars from the Economic Development Proposition, supporting an estimated project construction cost of \$4.0 million dollars. The construction budget will be finalized and bond funding from the two propositions will be proposed for allocation in a future City Council agenda item, upon completion of the construction procurement for the construction contract.

BACKGROUND (continued)

Brixmor Property Group, Inc. is the property owner and developer of the Wynnewood Village Shopping Center. After review of the existing design plans for the Project, it was discovered that the plans conflict with Brixmor's proposed site development plans. In an effort to provide a solution that is mutually beneficial to the City's implementation of its 2017 Capital Bond Program and Brixmor's development, Brixmor, at its sole cost and expense, has offered to donate revised Project design plans to the City, along with necessary easements through its property in return for the City's prioritization of the construction of the Project.. The plans update the original design to reflect the current site development plans and will provide for more timely and cost-efficient construction of the Project. The plans have been reviewed by all appropriate staff in the Sustainable Development and Trinity Watershed Management Departments and have been found to meet all applicable design and engineering criteria, rules, and regulations necessary to provide and accommodate neighborhood drainage. This project is necessary to upgrade existing City storm drainage infrastructure that serves an approximate 243 acre neighborhood immediately upstream of the 65 acre Wynnewood property near Zang and Illinois.

BACKGROUND

The ALA awards competitive grants to libraries and regional library systems across the United States to support various library projects and programming. ALA is funding several libraries throughout the country to participate in the Truth, Racial Healing & Transformation Great Stories Club Pilot Project which connects ALA's longstanding Great Stories Club literacy programming model to the W.K. Kellogg Foundation's Truth, Racial Healing & Transformation efforts. The Dallas Public Library is a proud recipient of such a grant from ALA.

Truth, Racial Healing & Transformation Great Stories Club Pilot grant funding will support a project for youth which will include a reading and discussion series focused on teens facing difficult challenges facilitated by Dallas Public Library staff. The preselected books, also provided by the American Library Association, are coming of age stories that focus on characters from historically marginalized groups. The Dallas Public Library will partner with Promise House to host ten sessions with approximately 20 youths who reside in the house and includes sessions with a racial healing practitioner who will be referred to Dallas Public Library by ALA.

BACKGROUND (continued)

Promise House is a group home in Dallas that provides accommodations for teens in need of shelter, offers classes to youth in their facility through a partnership with Dallas Independent School District and provides counseling to their residents who are often marginalized by race, sexual orientation and income level.

The Dallas Public Library's partnership with Promise House to pilot the Truth, Racial Healing & Transformation program will greatly benefit this underserved group and provide an avenue for healing beyond what most of their residents are able to access.

Approve the Rockwall Central Appraisal District's (RCAD) proposal to renovate and expand RCAD's current facility located at 841 Justin Road, Rockwall, Texas, pursuant to § 6.051 of the Texas Tax Code which requires such proposal be approved by three-fourths (3/4) of all taxing units entitled to vote on the appointment of RCAD board members which includes the City of Dallas - Financing: This action has no cost consideration to the City (see Fiscal Information for potential future cost)

BACKGROUND

The Texas Property Tax Code requires appraisal districts obtain approval of 75 percent of their taxing units (school districts, county, and cities) to purchase, lease, or renovate a building to house the appraisal district office. Rockwall Central Appraisal District (CAD) has submitted a request to the City of Dallas as they plan an expansion and renovation project. The planned 12,000 square foot two-story addition, expanded parking lot, and updates to the current building will not exceed \$4,000,000.

The Rockwall (CAD) office at 841 Justin Road, Rockwall, Texas has been in use for 20 years. In that time, the population of Rockwall County has almost tripled and continues to grow at an increasing rate. While the building is structurally sound, it lacks the space and parking capacity to adequately serve employees and citizens.

The proposed project will greatly enlarge and enhance the comfort in the public areas. The parking area will triple and offer a one-way flow of traffic, accommodate all visitors, and make access to the building safer. The project will allow for the hiring of additional employees to more closely reach the recommended workload levels and provide the opportunity to better serve the citizens of Rockwall County.

Our share of the debt service cost is based on our percent of the 2017 levy within Rockwall County or 0.036 percent. The debt cost allocated to Dallas will be \$115 per year for 20 years. This will be an increase to our annual cost which was \$446 in FY 2016-17.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

Information about this item will be provided to the Government Performance and Financial Management Committee on April 16, 2018.

FISCAL INFORMATION

This action has no cost consideration to the City. The Rockwall Central Appraisal District plans to renovate and expand their facility for a cost not to exceed \$4,000,000 pending approval of three-fourths of their taxing units entitled to vote on the appointment of RCAD board members. The debt cost will be allocated to the taxing entities over 20 years. The City of Dallas allocation is expected to be \$115 per year for 20 years and will be paid from the General Fund (subject to annual appropriations).

April 25, 2018

WHEREAS, the Board of Directors of the Rockwall Central Appraisal District has also delivered information showing the costs of available alternatives to the renovation of the property situated at 841 Justin Road, Rockwall, Texas; and

WHEREAS, § 6.051, Texas Tax Code requires that an appraisal district's construction or renovation of such real property and improvements must be approved by three-fourths (3/4) of the taxing units entitled to vote on the appointment of board members; and

Authorize a three-month service contract for the replacement of sod at the Cotton Bowl Stadium - Ryan Sanders Sports Services LLC, lowest responsive bidder of six - Not to exceed \$247,230 - Financing: General Funds

BACKGROUND

This service contract will allow for the replacement of sod at the Cotton Bowl Stadium. The current sod is 419 Tifway (natural grass sod) that has not been replaced since 2006 and has begun to mutate into a variety of different types of grasses resulting in inconsistent growth, discolored mounds, unreliable root systems, and higher maintenance.

The current sod is being replaced with new sod (TifTuf grass) which is more durable and has greater draught tolerance.

Additionally the new sod provides the following benefits:

- Uses 38 percent less water
- Faster recovery from use
- Superior color and density
- Higher disease resistance
- Superior cold tolerance

BACKGROUND (continued)

On January 10, 2018 City Council authorized staff to pursue submitting a bid to host the 2026 Fédération Internationale de Football Association (FIFA) World Cup and this sod will make the Cotton Bowl a viable candidate because of the standard quality requirements for a FIFA natural grass pitch.

Many of these events are televised nationally and internationally showcasing the stadium, Fair Park, and the City to audiences.

A resolution designating absences by Councilmember Adam McGough and Councilmember Philip T. Kingston as being for "Official City Business" - Financing: No cost consideration to the City

BACKGROUND

Chapter III, Section 4(e) of the Dallas City Charter provides in part, "If any city council member, including the mayor, misses more than 10 percent of the total number of regular meetings held by the city council during any compensation year, then the city council member's compensation...for that year will be reduced proportionately by the percentage of meetings missed.... Meetings missed by a city council member while he or she is on the official business of the city council and at the direction of the city council will not be counted towards the percentage of missed meetings for which compensation reduction is required... but will be counted as though the member had attended the meetings that are missed while so engaged in city business."

Section 4.11(b) of the City Council Rules of Procedure provides that an absence by a council member for (1) attending a meeting or conference of a professional organization of or association of municipalities or municipal officers, (2) testifying at a legislative hearing at the request of the mayor, the city council, the chair of the council's legislative affairs committee or the city manager, or (3) attending a meeting of a board, commission, or committee to which the council member has been appointed by the mayor or the city council, will automatically be deemed to be for "official city business at the direction of the city council" and will not be counted against a city council member for purposes of determining the council member's annual compensation.

BACKGROUND (continued)

Section 4.11(c) of the City Council Rules of Procedure provides that, in addition to those absences automatically considered to be on "official city business at the direction of the city council" under Section 4.11(b) above, the city council may by resolution designate whenever a council member's absence is for official city business and not counted as a missed meeting for purposes of determining the council member's annual compensation under Chapter III, Section 4 of the Dallas City Charter.

The proposed resolution authorizes and directs the city secretary to amend the minutes of city council meetings, without further city council action or approval, to reflect when the absences by designated council members have been deemed by the city council to be for "official city business."

SUBJECT

An ordinance amending Chapter 5, "Aircraft and Airports," of the Dallas City Code by adding Sections 5-31.1 and 5-64; **(1)** adding landing fees at Dallas Love Field for general aviation aircraft; **(2)** adding definitions; **(3)** providing for a customer facility charge ("CFC"); **(4)** providing for the administration and use of the CFC; **(5)** providing a penalty not to exceed \$500; **(6)** providing a saving clause; **(7)** providing a severability clause; and **(8)** providing effective and expiration dates – Financing: No cost consideration to the City

BACKGROUND

This item amends Chapter 5, "Aircraft and Airports", by adding a landing fee for general aviation aircraft and imposing a Customer Facility Charge on airport rental car customers at Dallas Love Field.

Much of the 14 million square feet of pavement at Love Field is over 30 years old with increasing costs to prevent further deterioration and maintain compliance with Federal Aviation Administration regulations. Currently, all airfield costs (operations and maintenance such as rubber removal, pavement painting, sweeping, crack sealing) are disproportionately charged to commercial air carriers through the Landing Fee.

The Commercial Landing Fee is calculated by Annual Airfield Requirement (airfield costs less airfield revenues) divided by the Total Landed Weight of all Signatory Airlines. Commercial Air Carriers currently pay a landing fee of \$2.20 per 1,000 lbs. while General Aviation users pay fuel flow fees only. With the increasing air traffic at Dallas Love Field, the operations and maintenance costs are expected to increase.

BACKGROUND (continued)

The Director of Aviation will determine the General Aviation Landing Fee using an 80/20 formula, with 80% of the fee comprised of Dallas Love Field's operation and maintenance costs attributable to general aviation aircraft landings and 20% of the fee attributable to the general aviation aircraft's landed weight. The fee will vary annually based on the operations and maintenance costs.

Section 5-64 amends the ordinance to begin collecting a (CFC), which is a user fee for those airport customers renting cars at Dallas Love Field.

Since 2014, Dallas Love Field Rental Car operations have been challenged with the lack of operating and vehicle storage space to meet demands; an increase in roadway congestion as a result of rental car companies using individually branded shuttle buses along with the pickup and return of rental cars along Herb Kelleher Way.

A potential solution for these challenges is the construction of a Consolidated Rental Car Facility (ConRAC). A ConRAC facility combines all rental car operations into a single facility. Preliminary data gathered from the on-airport rental car companies indicates that an approximately one million square foot facility and 25 acres of land is needed. Based on this information, five locations in close proximity to the airport have been identified.

Funds collected from the customer facility charge would allow the Department of Aviation to complete the necessary land and traffic studies for these five locations to determine the most appropriate site for a ConRAC, as well as, analyze future needs of the rental car industry at airports. The initial CFC to be collected during the study period is proposed at \$3.00 per transaction day. Once a site has been determined at the end of the study period, the \$3.00 per transaction day fee may be adjusted. This ordinance is set to expire after 24 months at which time a request to extend and/or increase the CFC will be submitted should the completed analysis find doing so warranted.

An ordinance amending Chapter 5, "Aircraft and Airports," of the Dallas City Code by adding Sections 5-31.1 and 5-64; adding landing fees at Dallas Love Field for general aviation aircraft; adding definitions; providing for a customer facility charge ("CFC"); providing for the administration and use of the CFC; providing a penalty not to exceed \$500; providing a saving clause; providing a severability clause; and providing effective and expiration dates.

WHEREAS, Dallas Love Field continues to serve more and more air carrier passengers and as a result, there is increased roadway and terminal congestion at the airport, including from air carrier passengers utilizing rental car services;

WHEREAS, consistent with its statement of policy in Section 5-57 of Chapter 5 of the Dallas City Code, the city seeks to study and implement ideas that will control traffic congestion, protect the public health and safety, preserve the airport infrastructure, and provide beneficial and convenient ground transportation services to air carrier passengers and other users at the airport;

WHEREAS, the customer facility charge will enable the city to study and implement those ideas at the airport; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

SECTION 1. That Article I, "In General," of Chapter 5, "Aircraft and Airports," of the Dallas City Code is amended by adding a new Section 5-31.1, "Landing Fees Charged for General Aviation Aircraft at Dallas Love Field," to read as follows:

(d) For each scheduled or non-scheduled landing, an owner or operator of a general aviation aircraft who has not executed an airport use and lease agreement shall pay to the city a fee per 1,000 pounds of certified gross landing weight. The director of aviation shall determine the fee using an 80/20 formula, with 80% of the fee comprised of Dallas Love Field's operation and maintenance costs attributable to general aviation aircraft landings and 20% of the fee attributable to the general aviation aircraft's landed weight. The director of aviation shall, on an annual basis, review the fee and make a recommendation to the city council if the director of aviation determines the fee formula should be amended.

Authorize **(1)** an Interlocal Agreement with the North Central Texas Council of Governments related to the transfer of ownership of Transportation Investments Generating Economic Recovery funded Modern Streetcar Project assets and streetcar project-related funds; **(2)** the receipt and deposit of funds from SLF III - The Canyon TIF, L.P. in an amount not to exceed \$3,000,000 in the Streetcar Developer Fund; **(3)** the establishment of appropriations in an amount not to exceed \$535,000 in the Streetcar Developer Fund; and **(4)** payment to Dallas Area Rapid Transit for operation and maintenance costs for the Dallas Streetcar System for Fiscal Year 2018 - Total not to exceed \$1,510,000 - Financing: General Funds (\$975,000) and Streetcar Developer Funds (\$535,000)

BACKGROUND

The City of Dallas maintains several Interlocal Agreements (ILAs) with the North Central Texas Council of Governments (NCTCOG), Federal Transit Administration (FTA), Texas Department of Transportation (TxDOT), and with Dallas Area Rapid Transit (DART) pertaining to the Dallas Streetcar System. These ILAs established the City of Dallas as the owner of the Dallas Streetcar and allowed for the City to rely on technical expertise from DART to operate and maintain the Dallas Streetcar on behalf of the City.

On September 15, 2009, the City of Dallas and NCTCOG jointly applied for Transportation Investments Generating Economic Recovery (TIGER) grant funds to construct the first phase of the Dallas modern streetcar. This first phase has often been referred to as the TIGER phase or the “Starter” phase of the streetcar project. Subsequent phases have been referred to as “Extensions”.

BACKGROUND (continued)

On December 27, 2010, the FTA awarded a TIGER grant to NCTCOG for construction of the first phase of the streetcar system. As grantee, NCTCOG also receives title to the assets acquired with the grant funds. These assets include the streetcar rail from Union Station to North Oak Cliff near Methodist Hospital, the streetcar power supply equipment, the streetcar stops at Union Station, Greenbrier, Oakenwald, and Beckley, and other components of the streetcar system.

On April 27, 2011, City Council authorized an ILA with NCTCOG and DART to detail agency roles and responsibilities related to the financial commitment for operation and maintenance of the TIGER Grant Streetcar Project by Resolution No. 11-1185.

On May 26, 2011, NCTCOG, the City of Dallas, and DART entered into an ILA to establish each party's respective roles and responsibilities for the planning, construction, implementation, operation, and maintenance of the Project.

On June 22, 2011, City Council authorized a development agreement with SLF III - The Canyon TIF, L.P., "SLF" to dedicate future TIF revenues pursuant to the Davis Garden TIF District Grant Program that are necessary or convenient to the implementation of the project plans for the Davis Garden TIF District to extend and to support the North Oak Cliff Streetcar in the Davis Garden TIF District by Resolution No. 11-1751.

On May 28, 2014, City Council authorized an ILA with DART to detail agency roles and responsibilities related to operation and maintenance of the TIGER Grant funded Dallas Streetcar Project (Union Station to North Oak Cliff) by Resolution No. 14-0831. This ILA, which was executed by the City Manager on September 19, 2014 and executed by DART on January 27, 2015, further defined roles and responsibilities for the ongoing operation and maintenance (O&M) of the streetcar system.

In the agreement, dated January 16, 2015, the Developer agreed to pay \$300,000 annually to NCTCOG for Streetcar support over a ten-year period. To date \$1,200,000 has been collected by NCTCOG.

If approved, this action will transfer to the City, the \$1,200,000 in developer funds already collected by NCTCOG, plus up to an additional \$1,800,000 in future developer funds as they are received.

On June 15, 2016, City Council authorized an amendment to the ILA with DART to provide for the operation and maintenance costs for the southern and northern extension of the Dallas Streetcar System (Union Station to North Oak Cliff) and two additional vehicles by Resolution No. 16-0980. As expected, the City and DART continue to operate based on the terms outlined in this amended ILA.

BACKGROUND (continued)

DART has estimated the total streetcar O&M costs for FY 2017-18 to be \$2,089,809, of which \$579,809 was included in DART's budget. The City's annual budget for FY 2017-18 allocated \$975,000 for Streetcar O&M. The total of these two budget allocations, \$1,554,809 is insufficient to cover the estimated O&M cost. Therefore the \$535,000 balance will be provided out of the Streetcar Developer Fund. In accordance with the O&M ILA with DART, DART covers the O&M costs and then invoices the City on a monthly basis.

The FY 2017-18 needs for the Streetcar O&M are \$2,089,809. This need represents an increase of \$568,283 over last year's O&M budget of \$1,521,526. The increase is primarily due to extending the operating hours in the morning from 9:30 A.M. to midnight, to 5:30 A.M. to midnight. Also the headways between streetcars was reduced from 30 minutes to 20 minutes.

If approved, this action will authorize the City Manager to enter into an ILA with NCTCOG to transfer the project assets to the City. Entering into the ILA and transferring the assets is also consistent with the existing ILA between DART, NCTCOG, and the City dated May 26, 2011 and authorized by Resolution No. 11-1185 on April 27, 2011.

This proposed action will also authorize the payment of funds to DART for O&M up to the allocated amounts of \$975,000 budgeted in the General Fund and \$535,000 in the Streetcar Developer Fund totaling \$1,510,000.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On June 22, 2011, City Council authorized a development agreement with SLF III – The Canyon TIF, L.P., “SLF” to dedicate future TIF revenues pursuant to the Davis Garden TIF District Grant Program that are necessary or convenient to the implementation of the project plans for the Davis Garden TIF District to extend and to support the North Oak Cliff Streetcar in the Davis Garden TIF District by Resolution No. 11-1751.

On June 22, 2011, City Council authorized a resolution declaring the intent of Tax Increment Financing Reinvestment Zone Number Sixteen (Davis Garden TIF District) to reimburse the SLF III – The Canyon TIF, L.P., “SLF” a grant of up to \$3,000,000, pursuant to the Davis Garden TIF District Grant Program, for expenditures necessary or convenient to the implementation of the project plans for the Davis Garden TIF District to extend and to support the North Oak Cliff Streetcar in the Davis Garden TIF District by Resolution No. 11-1752.

On June 30, 2012, the NCTCOG executed a funding agreement with SLF III - The Canyon TIF, LP for Oak Cliff Streetcar Support and IH-30 Frontage Road Improvements.

On August 29, 2012, the FTA approved the transfer of ownership of the TIGER funded Modern Streetcar project assets from NCTCOG to the City of Dallas, subject to the prior review and concurrence of the Project property transfer agreement by FTA's Region 6 office to ensure that the agreement will satisfy FTA's continuing control requirement, by letter addressed to the Executive Director of NCTCOG.

FISCAL INFORMATION

General Funds - \$975,000

Streetcar Developer Funds - \$535,000

The Streetcar Developer Fund receives funding through an agreement with SLF III - The Canyon TIF, L.P. through NCTCOG. This developer agreement was authorized by Council Resolution Nos. 11-1751 and 11-1752. This agreement allows for \$3,000,000 to be collected over 10 years beginning in FY 14. For FY18, \$535,000 of these funds will be used to cover the remaining O&M need. It is anticipated that the balance of the Developer fund will be used at \$411,000 each year for the next six years until the total \$3,000,000 total has been used.

DART O&M Contribution - \$579,809

DART contributes funding each year for Streetcar O&M. DART's funding source for streetcar O&M is reprogrammed funds from a former Dallas Love Field Airport transit project and was established by a City-DART-NCTCOG ILA in FY 11 and was approved by Resolution No. 11-1185. This O&M contribution is planned to increase by 3 percent each year and conclude in the year 2040.

Authorize an amendment to the Interlocal Agreement with Dallas Area Rapid Transit to establish a \$1 fare for the Dallas Streetcar - Financing: This action has no cost consideration to the City (see Fiscal Information for potential future costs)

BACKGROUND

The Dallas Streetcar, funded by a Federal Transit Administration Transportation Investment Generating Economic Recovery (TIGER) Grant, began operation in April 2015. The City of Dallas entered into an Interlocal Agreement (ILA) with Dallas Area Rapid Transit (DART) to operate and maintain the Dallas Streetcar System. The ILA established the City of Dallas as the owner of the Dallas Streetcar and DART to operate and maintain the system as technical advisor to the City.

The Dallas Streetcar currently operates on a 20-minute headway schedule from Union Station in the Central Business District to the Bishop Arts District in North Oak Cliff. A northern extension to the Omni Hotel is planned. The northern extension is currently in design and is expected to be operational by summer of 2019.

The Dallas Streetcar currently operates as a free service. The ILA does not require and does not preclude charging a fare. Currently DART charges a fare for their bus, rail and paratransit services. In line with federal regulations, DART substantially reduces the fare for seniors, students, and persons with disabilities.

On March 26, 2018, the Mobility Solutions and Infrastructure Sustainability Committee directed staff to bring an item before City Council to authorize the establishment of a \$1 fare on the Dallas Streetcar by September of 2018.

BACKGROUND (continued)

Before the City can establish a fare, the following actions need to take place: (1) amend the ILA with DART to establish the fare; (2) request DART hold a public hearing as required by federal regulations, and; (3) purchase and install fare collection equipment on the streetcars.

If approved, this action will authorize the City Manager to sign an amendment to the operations and maintenance ILA with DART to hold the public hearing, install the validators, and establish the fare.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

BACKGROUND

On August 9, 2017, City Council adopted the FY 2017-18 Consolidated Plan Budget for the U.S. Department of Housing and Urban Development (HUD) Grant Funds by Resolution No. 17-1171. The budget included the Emergency Solutions Grant (ESG) (Grant No. E-17-MC-48-0009) in the amount of \$3,117,540. The grant funds are available beginning October 1, 2017, contingent upon approval of the City's FY 2017-18 Action Plan and execution of the grant agreements with HUD. In addition, the FY 2016-17 Consolidated Plan Budget has unexpended ESG funds remaining.

On January 11, 2018, the City of Dallas Office of Procurement Services advertised a Request for Competitive Sealed Proposal (#BTZ1810) soliciting proposals from area service providers for the contractual provision of services in the following categories: Rapid Re-Housing (\$1,065,784 available), Homeless Prevention (\$50,000 available), and Emergency Shelter (\$439,802 available).

Bridge Steps located at 1818 Corsicana Street, Dallas, Texas 75201, submitted a proposal and was recommended for funding of \$110,000 for Emergency Shelter and \$1,665 for Homeless Management Information System (HMIS) user fees. These funds will be used to provide shelter operations to 85 homeless individuals. The contract will be for a twelve-month term, with one twelve-month renewal option based on performance and subject to appropriation.

BACKGROUND (continued)

Pursuant to a Management Services Contract, the City of Dallas contracts with Bridge Steps, a non-profit organization, to operate and manage The Bridge Homeless Assistance Center (The Bridge). Bridge Steps has operated the facility since it opened in May 2008, to provide a centralized entry point for homeless persons to access multiple services at one location through on-site services and co-located agencies.

The Bridge, a low barrier shelter, provides day and night shelter to more than 8,000 men and women experiencing homelessness annually in the city of Dallas. In addition to meeting basic needs, The Bridge provides care management services (through Bridge Steps staff), which includes health/behavioral health care coordination, jail diversion/reentry, and income/housing seeker services - designed to help guests attain housing stability. Through partner agencies, Bridge Steps connects its guests with health/behavioral health care services, employment/income services, housing services, and short-term outplacement and follow-up or after-care services for persons placed in housing.

The Bridge staff must input client-level data into the local HMIS with applicable written consent. Agencies must also submit monthly financial reports (including supporting documentation) and performance reports (including demographic data, outputs, and outcomes), as well as an overview of accomplishments at year end, to the City. These reports are compiled at year end into the City's annual report to HUD.

Catholic Charities of Dallas, Inc. must also submit monthly financial reports (including supporting documentation) and performance reports (including demographic data, outputs, and outcomes), as well as an overview of accomplishments at year end, to the City. A coalition of congregations responded, the Family Gateway Center opened its doors in 1986. In September 2000, the shelter was rededicated as the Annette G. Strauss Family Gateway Center, and has been serving homeless families for the past 32 years.

The Annette G. Strauss Family Gateway Center located at 711 South St. Paul Street, Dallas, Texas 75201, is a low barrier shelter with a focus on transitioning clients to housing as soon as possible, and provides shelter, meals, clothes, and supplies, as well as programming, for homeless families with at least one child under age 18. Clients receive assessment and diversion services, permanent supportive housing placement case management, training, and educational services, as well as on-site day care, afterschool care, and summer camps for children. BACKGROUND

On August 9, 2017, City Council adopted the FY 2017-18 Consolidated Plan Budget for the U.S. Department of Housing and Urban Development (HUD) Grant Funds, by Resolution No. 17-1171. The budget included the Emergency Solutions Grant (ESG) (Grant No. E-17-MC-48-0009) in the amount of \$3,117,540. The grant funds are available beginning October 1, 2017, contingent upon approval of the City's FY 2017-18 Action Plan and execution of the grant agreements with HUD.

On January 11, 2018, the City of Dallas Business Development and Procurement Services advertised a Request for Competitive Sealed Proposal (#BTZ1810) soliciting proposals from area service providers for the contractual provision of services in the following categories: Rapid Re-Housing (\$1,065,784 available), Homeless Prevention (\$50,000 available), and Emergency Shelter (\$439,802 available).

BACKGROUND (continued)

Open Arms, Inc. located at 3610 Pipestone, Dallas, Texas 75212, submitted a proposal and was recommended for funding of \$50,000 for Homeless Prevention and \$1,830 for Homeless Management Information System (HMIS) user fees. These funds will be used to provide homeless prevention services, consisting of rental assistance, financial assistance, and housing relocation and stabilization services, to 50 families at risk of becoming homeless. The contract will be for a twelve-month term with one twelve-month renewal option based on performance and subject to appropriation.

Open Arms, Inc. was the first non-profit organization in the United States to provide full-service, family support programs for children born with HIV/AIDS, since its inception in 1988. It continues to provide programs for children born with, or affected by, HIV/AIDS. However, in 2006, the agency expanded its services to include underserved children (ages 0-13) with complex medical, social, emotional, physical and developmental challenges, such as autism, HIV/AIDS, down syndrome, cystic fibrosis, sickle cell anemia, lupus, leukemia, cerebral palsy, multiple sclerosis, hearing or vision loss, seizure disorders, and spina bifida.

Open Arms, Inc. serves “working poor” families who have limited safety nets to sustain them when a crisis happened, and who often experience job loss, reduced hours and income, and the inability to pay for housing and other basis needs when caring for a child with significant special needs. Through its Early Childhood Education/Therapy and Family Support Services programs, Open Arms, Inc. not only provides nursing and therapeutic care for the child with special needs, but provide holistic care to meet the family’s needs through emergency services, crisis care, homeless prevention services and robust case management.

Under its Family Support Services Program, Open Arms, Inc. provides homeless prevention and stabilization, by providing emergency assistance to meet the immediate need based on an assessment, but also engaging the family in building a long-term financial recovery plan to economic stability and a healthy financial lifestyle through financial counseling. Open Arms, Inc. will use ESG Homeless Prevention funding as part of this program.

Open Arms, Inc.'s staff must input client-level data into the local HMIS with applicable written consent. Agencies must also submit monthly financial reports (including supporting documentation) and performance reports (including demographic data, outputs, and outcomes), as well as an overview of accomplishments at year end, to the City. These reports are compiled at year end into the City’s annual report to HUD.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan*, was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

LAND USE ELEMENT

URBAN DESIGN

GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY AND WALKABILITY

Policy 5.1.1 Promote pedestrian-friendly streetscapes.

GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Land Use Compatibility:

The ±0.49-acre request site is currently undeveloped. The applicant is proposing to construct a one-story, 3,834-square-foot structure that will house a community service use which will provide general support underserved and disadvantaged women in the East Dallas area.

The general services offered by the Dallas Christian Women's Job Corps will be tutoring, mentoring, and training in life skills, nutrition, interview skills, resume writing, time management, and computer skills.

The request site is surrounded by residential to the north, south, and west with SUP No. 2201 on the east allowing a community service use on an undeveloped lot.

The existing R-7.5(A) zoning allows a community service use by SUP and staff recommends approval of the proposed use for a three-year period due to compatibility with surrounding land uses.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the

surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Parking:

Pursuant to the Dallas Development Code, at a ratio of 1:200, the off-street parking requirement for a community service center use with a development of this size is a minimum of 19 spaces. The applicant is proposing to provide 19 parking spaces, which is in compliance with the code.

APPLICANT: The Company of Trinity Forest Golfers, Inc.

OWNER: City of Dallas [Trinity Watershed Department]

REPRESENTATIVE: Robert Reeves & Association, Inc.

REQUEST: An application for a Specific Use Permit for the sale and service of alcoholic beverages in conjunction with a country club with private membership on property zoned Subarea 2a within Planned Development District No. 883 with a D-1 Liquor Control Overlay and Specific Use Permit No. 383 for a sand or gravel mine.

SUMMARY: The purpose of this request is to allow for the sale of alcoholic beverages in conjunction with a country club with private membership [Trinity Forest Golf Club]. While the sale and consumption of alcoholic beverages is currently allowed on the remainder of the 470-acre golf course, this 120-acre section maintains a D-1 Liquor Control Overlay, which requires an SUP for alcohol-related uses.

STAFF RECOMMENDATION: **Approval** for a five-year period with eligibility for automatic renewals for three additional ten-year periods, subject to a site plan and conditions.

CPC RECOMMENDATION: **Approval** for a five-year period with eligibility for automatic renewals for three additional ten-year periods, subject to a site plan and conditions.

BACKGROUND INFORMATION:

- On April 24, 2013, the City Council approved the creation of PD No. 883 with 2,120 acres of land and for a variety of uses, mostly outdoors.
- The subject site contains a 120-acre tract out of the Trinity Forest Golf Club (470 acres total). While most of the site allows for alcohol related uses outright, the area of request maintains a D-1 Liquor Control Overlay—requiring a specific use permit for consideration of alcohol related uses.
- The purpose of this request is to allow for the sale of alcoholic beverages across the entire golf course.

Zoning History: There have been seven zoning cases at six locations in the area over the past five years.

1. **Z123-195:** On Wednesday, April 24, 2013, the City Council approved a Planned Development District No. 883 for a ±379-acre horse park, a ±470-acre golf course, and ±1,260 acres of forest and mitigation land which will include recreational trails and amenities, located on the south side of CF Hawn Freeway, west side of Pemberton Hill Road and South Longacre Lane and on both sides of Great Trinity Forest Way.
2. **Z134-166 & Z156-310:** On Wednesday, December 10, 2014, the City Council approved Specific Use Permit No. 2099 for the sale of alcoholic beverages in conjunction with a general merchandise or food store 3,500 square feet or less and located on the southwest corner of Great Trinity Forest Way and North Jim Miller Road. On August 24, 1017, the SUP was renewed for a three-year period. [Not shown on map.]
3. **Z145-346:** On Wednesday, December 9, 2015, the City Council approved an amendment to a previously approved development plan for property within Subarea 1 of Planned Development District No. 883 [Texas Horse Park] and located at the terminus of Jeane Street, west of Pemberton Hill Road, and north of Great Trinity Forest Way.
4. **Z156-120:** On Wednesday, April 27, 2017, the City Council approved Historic Overlay District No. 146 [Big Spring Site], located west of intersection of Pemberton Hill Road and Sarah Lee Drive.
5. **Z167-104:** On Wednesday, March 22, 2017, the City Council approved Specific Use Permit No. 2229 for the sale of alcoholic beverages in conjunction with a general merchandise or food store 3,500 square feet or less and located on the northeast corner of Great Trinity Forest Way and North Jim Miller Road. [Not shown on map.]
6. **Z167-330:** On Thursday, February 1, 2018, the City Plan Commission recommended denial without prejudice of an application for a Specific Use Permit for a hotel or motel use, located on the south side of Great Trinity Forest Way, west of South Jim Miller Road. [Not shown on map.]

STAFF ANALYSIS:**Comprehensive Plan:**

The comprehensive plan does not make a specific land use recommendation related to the request, however the *forwardDallas! Vision Illustration*, adopted June 2006, is comprised of a series of Building Blocks that depicts general land use patterns. Building Blocks are generalized patterns without well-defined boundaries that indicate where certain types and densities of development might logically occur.

The applicant's request generally complies with the following goals, policies, and implementation measures of the Comprehensive Plan.

LAND USE

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.2 Focus on Southern Sector development opportunities.

Implementation Measure 1.1.2.4 Target economic development opportunities to the Southern Sector, especially to improve access to jobs or housing choices.

ECONOMIC

GOAL 2.2 ENGAGE IN STRATEGIC ECONOMIC DEVELOPMENT

Policy 2.1.1 Focus economic development efforts on revitalization of the Trinity River Corridor.

Implementation Measure 2.2.1.1 Use the Trinity River plans to evaluate opportunities and establish priorities for land use planning and rezoning efforts.

Implementation Measure 2.2.1.3 Stimulate high-value, high-quality economic development in the Trinity River Corridor.

Area Plan

The request site is identified as being within the South Trinity Forest District on the Trinity River Corridor Comprehensive Land Use Plan, adopted March 5, 2005, and revised December 9, 2009.

The Preferred Land Use Plan for this district builds on four key features of the district: it's existing single family neighborhoods, the Great Trinity Forest, the future DART light rail line and IH-20. The plan states that the Great Trinity Forest will become a major identifier and asset for this district in the future and notes that the amenities of the Great Trinity Forest will draw tourism.

The request area is located within the Trinity River Floodway as identified in the Preferred Land Use map. Floodways generally allow for limited development of mostly recreational uses. The golf course is an acceptable recreational use and adds to the tourism element for the district. The current request promotes the desirability of tourism for major golfing events like the Byron Nelson.

Land Use Compatibility:

On Wednesday, April 24, 2013, the City Council approved a Planned Development District No. 883 for a ±379-acre horse park, a ±470-acre golf course, and ±1,260 acres of forest and mitigation land which will include recreational trails and amenities.

The subject site contains a 120-acre tract out of the Trinity Forest Golf Club (470 acres total). This section includes nine holes (out of 18) within the championship golf course. While most of the site allows for alcohol related uses outright, the area of request maintains a D-1 Liquor Control Overlay—requiring a specific use permit for consideration of alcohol related uses. The applicant would like to allow the sale of alcohol across the entire golf course, including the newly constructed club house.

Surrounding land uses include the remainder of the golf course (country club with private membership), a church, and apartments to the north; an auto service center, undeveloped land, vehicle display, sales, and service, and single family uses to the northeast; vacant structures, single family, a park [Trinity River Audubon Center], and undeveloped land to the east; and, the remainder of the golf course (country club with private membership) to the south and west.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards.

The proposed sale of alcoholic beverages supports the tourism aspect of the recreation area, a prime goal of the area planning efforts. While this SUP contains nine holes and the entire clubhouse within 120 acres, alcohol sales is permitted across the remainder of the site (350 acres). The overall impact of the country club with private membership is an enhancement in the area by way of supporting tourism and the redevelopment of the area. The sale of alcoholic beverages will support the club, thereby posing no significant detriment to the surrounding area.

Parking:

Parking will be provided in compliance with PD No. 883 and the Dallas Development Code.

Landscaping:

Landscaping will be provided in compliance with PD No. 883 and Article X of the Dallas Development Code, as amended.

REQUEST: An application for: **(1)** an amendment to Planned Development District No. 166 to allow a seminary use and a convent or monastery use by Specific Use Permit; **(2)** a Specific Use Permit for a seminary use and a convent or monastery use; and **(3)** the termination of Specific Use Permit No. 117 for an Institution of a Religious & Educational Nature on property zoned Planned Development District No. 166 and an R-7.5(A) Single Family District.

SUMMARY: The applicant is proposing to terminate the existing SUP No. 117 for an Institution of a Religious & Educational Nature; amend the text of PD 166 to allow a seminary use and a convent or monastery use by SUP and to allow the SUP site plan to satisfy the development plan requirements of Area 2 within PD No. 166; and, for an SUP for a seminary use and a convent or monastery use.

STAFF RECOMMENDATION: Approval of the amendment to Planned Development District No. 166; approval of a Specific Use Permit for a seminary use and a convent or monastery use for a permanent period, subject to a site plan and conditions; and approval of the termination of Specific Use Permit No. 117.

CPC RECOMMENDATION: Approval of the amendment to Planned Development District No. 166; approval of a Specific Use Permit for a seminary use and a convent or monastery use for a permanent period, subject to a site plan and conditions; and approval of the termination of Specific Use Permit No. 117.

BACKGROUND INFORMATION:

- PD No. 166 was established in 1989 and contains 11.854 acres within two Areas (1 & 2) for college, private school, multiple-family, and outpatient treatment of alcoholic or narcotic patients.
- The overall site, which contains a total of 15.6 acres, is partially zoned PD No. 166, with the remaining portion zoned an R-7.5(A) Single Family District. The SUP site area is zoned Area 2 and R-7.5(A) District.
- The purpose of this request is to allow for the operation of a seminary use and a convent or monastery use. To do so, the applicant is proposing to terminate the existing SUP No. 117 for an Institution of a Religious & Educational Nature; amend the text of PD 166 to allow a seminary use and a convent or monastery use by SUP, and to allow the SUP site plan to satisfy the development plan requirements of Area 2; and, is requesting an SUP for a seminary use and convent or monastery use.
- The proposed SUP for a seminary use and convent or monastery use would include existing structures with 13,353 square feet, and proposed structures with 34,847 square feet, for a total of 48,200 square feet of floor area. Fifty dwelling units would be available for missionaries participating in spiritual education while on-site.
- A total of 188 parking spaces are proposed for the entire PD and SUP area. This includes 55 new parking spaces, seven of which are handicapped accessible.

Zoning History: There has been one zoning case in the area over the past five years.

1. **Z167-249:** On September 13, 2017, the City Council denied a request for a CR Community Retail District on property zoned an MF-2(A) Multifamily District and located on the north side of John West Road, west of La Prada Drive.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW	Proposed ROW
La Prada Drive	Principal Arterial	Variable	80 feet
Shiloh Road	Local	60 feet	60 feet

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that the proposed development will not have a negative impact on the surrounding street system.

Surrounding Land Uses:

	Zoning	Land Use
Site	PD No. 166, R-7.5(A) Single Family District, and SUP No. 117	Institution of a Religious & Educational Nature
North	R-7.5(A) Single Family District	Single family
East	City of Mesquite	College
South	MF-1(A) and MF-2(A) Multifamily Districts	Multifamily
West	MF-1(A) Multifamily District	Multifamily

STAFF ANALYSIS:**Comprehensive Plan:**

The comprehensive plan does not make a specific land use recommendation related to the request, however the *forwardDallas! Vision Illustration*, adopted June 2006, is comprised of a series of Building Blocks that depicts general land use patterns.

The applicant's request generally complies with the following goals and policies of the Comprehensive Plan.

LAND USE**GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES**

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

Implementation Measure 1.1.5.3 Encourage neighborhood-serving office, retail, or other non-residential uses to be located in residential community areas, primarily on significant roadways or at key intersections.

Implementation Measure 1.1.5.4 Provide appropriate transitions between non-residential uses and neighborhoods to protect stability and quality of life.

GOAL 1.2 PROMOTE DESIRED DEVELOPMENT

Policy 1.2.1 Use Vision Building Blocks as a general guide for desired development patterns.

Land Use Compatibility:

The overall site has single family uses to the north, multifamily uses to the south and west, and a college use to the east, within the City of Mesquite. Within the PD No. 166 Area 1 section to the north and excluded from the SUP site area, is the establishment for the care of alcoholic, narcotic, or psychiatric patients as allowed by the PD.

The 50 dwelling units proposed for the convent or monastery use related to the seminary use equal about 4.25 dwelling units per acre (11.76 acres for the SUP area). An R-7.5(A) Single Family District would allow up to 68 dwelling units. The rezoning to PD No. 166 in 1983 allowed up to 92 dwelling units in the Area 2 portion of the site. The request is providing for a lower density than the original zoning for the site of R-7.5(A) and acting as a transitional buffer from the single family uses to the north and the multifamily uses to the south and west.

The seminary and convent or monastery use were originally interpreted to be included within SUP No. 117 for an Institution of a Religious & Educational Nature land use, but it was not defined in the PD nor SUP. To apply for permits today, rezoning is required to meet code requirements. The use itself will remain and continue to serve area residents. The current process of updating the PD would allow for the site to redevelop with the existing use. The site would technically continue to operate as it does today, while allowing for a clearer interpretation of the land use and new structures on the site.

Generally, staff supports a permanent time period for residential-based uses. The convent or monastery use with 50 dwelling units has a less intense impact than the current zoning would allow if subdivided. The combined use with the seminary have been serving the community for over 40 years and remain complementary to the area.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards.

Parking:

PD No. 166 refers to Chapter 51 and the portion zoned R-7.5(A) refers to the Dallas Development Code (Chapter 51A) for parking regulations. The future development would have to comply with the required parking, as determined by the PD/Dallas Development Code. A total of 188 parking spaces are proposed for the entire PD and SUP area. This includes 55 new parking spaces, seven of which are handicapped accessible. For reference, the following are the required parking in each code section:

For a seminary use:

- Chapter 51 requires 0.4 parking space for every fixed seat. If no fixed seats, then 0.4 parking spaces for each seven square feet of seating area.
- Chapter 51A requires one parking space for every 25 square feet of classroom area.

For a convent or monastery use:

- Chapter 51 requires one parking space for every three residents with a minimum of two required spaces.
- Chapter 51A one parking space for every three residents with a minimum of two required spaces.

Landscaping:

The new development on the property will require landscaping per Article X of the Dallas Development Code, as amended.

STAFF RECOMMENDATION: **Approval** for an 18-year period [December 14, 2036] with eligibility for automatic renewals for additional 20-year periods, subject to a revised site plan and conditions.

BACKGROUND INFORMATION:

- PDD No. 533 was approved by the City Council on February 10, 1999, and consists of 239 acres of land.
- There are seven subdistricts with different allowable uses clustered into general categories. Subdistrict 1 is for residential uses; Subdistricts 2, 3, 6, and 7 are for light industrial uses; and, Subdistricts 4 and 5 are for commercial and retail uses.
- In Subdistrict 5, an office showroom/warehouse use requires an SUP.
- Specific Use Permit No. 2222 was approved by the City Council on December 14, 2016 to allow an office showroom/warehouse use with a maximum floor area of 26,706 square feet.
- An amendment to the SUP is required in order to facilitate the proposed expansion to the office showroom/warehouse use.

Zoning History: There have been three applications for zoning changes in the vicinity within the last five years.

1. Z156-339 On December 14, 2016, the City Council approved Specific Use Permit No. 2222 for an office showroom/warehouse use. [Big State Meat Co. Inc.]

STAFF ANALYSIS:**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request. The comprehensive plan does not make a specific land use recommendation related to the request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT**GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES**

Policy 1.1.1 Implement the Trinity River Corridor Plan.

Policy 1.1.2 Focus on Southern Sector development opportunities.

GOAL 1.2 PROMOTE DESIRED DEVELOPMENT

Policy 1.2.1 Use Vision Building Blocks as a general guide for desired development patterns.

Land Use Plan:

Additionally, the comprehensive plan was amended by the *Trinity River Corridor Comprehensive Land Use Plan* in 2005. The request area is located within the South Trinity Forest District. Overall, the expansion of this well-rooted business is supported by the Comprehensive Plan Building Block and the area plan by providing reinvestment in an area that is largely undeveloped.

Land Use Compatibility:

The 2.8-acre site currently operates an approximately 26,706-square-foot office showroom/warehouse use which has been in operation since 1980. The applicant proposes to expand the existing use, and reconfigure parking which requires an amendment to the specific use permit. The amendment to SUP No. 2222 will allow the applicant to 1) increase the total square footage to 29,579 square feet from 26,706 square feet; 2) add one two story structure for office use consisting of approximately 3,507 square feet; 3) decrease the square footage of Building 5 from 985.3 square feet to 736.5 square feet; and 4) reconfigure the off-street parking.

The surrounding land uses include residential homes, institutional, and public utilities uses to the north, separated by a DART rail line. There is also a warehouse located to the northwest, along the rail line. To the east, the triangular shaped property abuts the DART right-of-way before transitioning into R-7.5(A) Single Family Residential zoning developed with single family land uses. To the south and west are vacant properties.

The site is located in PDD No. 533, which was adopted by the City Council on February 10, 1999, and consists of ±239 acres of land. The request area is located within Subdistrict 5 which requires an SUP for an office showroom/warehouse use.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The expansion request for the office showroom/warehouse use will allow for the business to continue operating as distributors of meat products with on-site sales. The use does not process animals or meat on-premise.

Parking:

PDD No. 533 refers back to the Development Code for the off-street parking requirements for an office showroom/warehouse use. As such, the required off-street

Z178-151(PD)

parking is one space per 333 square feet of floor area for an office use. For a warehouse use, one space per 1,000 square feet of floor area is required for the first 20,000 square feet of floor area, followed by one space per 4,000 square feet of floor area in excess of 20,000 square feet.

The subject site is proposed to have a total of 29,579 square feet. While 42 parking spaces with one off-street loading space is required, the applicant proposes to exceed this requirement by providing 46 parking spaces and seven off-street loading spaces.

Landscaping:

Landscaping is triggered by new construction and will be provided per Section 51P-533.112. PDD No. 533 requires parkway landscaping, screening of parking, and a 10-foot front yard strip of landscaping. A landscape plan is required at permitting.

SIZE OF REQUEST: Approx. 2.934 acres **CENSUS TRACT:** 166.07

OWNER: 4225 Gannon Lane Dallas LLC

APPLICANT: Deford Lumber Co. LTD

REPRESENTATIVE: Patrick Davidson

REQUEST: An application for an MU-3 Mixed Use District with deed restrictions volunteered by the applicant on property zoned an MU-2 Mixed Use District.

SUMMARY: The applicant requests to utilize the existing structure for an office/showroom warehouse.

CPC RECOMMENDATION: Approval, subject to deed restrictions volunteered by the applicant.

STAFF RECOMMENDATION: Approval, subject to deed restrictions volunteered by the applicant.

BACKGROUND INFORMATION:

- The area of request is developed with a 27,873-square-foot, one-story structure that was constructed in 1990, according to Dallas Central Appraisal District records.
- The existing building was formerly occupied by retail electronic store, Best Buy.
- The applicant requests to utilize the existing structure for an office/showroom warehouse.

Zoning History: There has not been a zoning change requested in the past five years.

Thoroughfares/Streets:

Thoroughfare/Street	Function	ROW
Gannon Lane	Local	60 feet

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that the proposed development will not have a negative impact on the surrounding street system.

STAFF ANALYSIS:

COMPREHENSIVE PLAN:

The *fowardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *fowardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

Economic Element

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Surrounding Land Uses:

Location	Zoning	Land Use
Site	MU-2	Vacant Structure
North	MU-2	Interstate Highway
East	MU-2; SUP No. 1740 – Mini Warehouse SUP No. 1332 – Private Club/Bar	Church Retail/Personal Service
South	MU-1	Multifamily and Retail
West	MU-2	Retail/Personal Service

Land Use Compatibility:

The approximately 2.934-acre site contains a 27,873-square-foot, one-story vacant structure. Surrounding properties are commercial in nature and include retail and personal service uses to the east and west, a multifamily development to the south, and Lyndon B. Johnson Freeway to the north.

Staff supports the request of an MU-3 Mixed Use District because the MU-3 District is comparable to the development standards and allowable uses of the MU-2 District. The applicant has volunteered deed restrictions to limit the height and amount of stories of any structure developed on the property to conform with the largely MU-2 Mixed Use District that characterizes the surrounding area.

Development Standards:

<u>DISTRICT</u>	SETBACKS		Density	Height	Lot Coverage	Special Standards	PRIMARY Uses
	Front	Side/Rear					
Existing: MU-2 Mixed Use-2	15'	20' adjacent to residential OTHER: No Min.	1.6 FAR base 2.0 FAR maximum + bonus for residential	135' 10 stories 180' 14 stories with retail	80%	Proximity Slope U-form setback Tower spacing Visual Intrusion	Office, retail & personal service, lodging, residential
Proposed: MU-3 Mixed Use-3	15'	20' adjacent to residential OTHER: No Min.	1.6 FAR base 2.0 FAR maximum + bonus for residential	270' 20 stories	80%	Proximity Slope U-form setback Tower spacing Visual Intrusion	Office, retail & personal service, lodging, residential

Landscaping:

Landscaping, when triggered, will be in accordance with Article X, as amended.

REQUEST: An application for: **(1)** a CR Community Retail District with deed restrictions volunteered by the applicant; **(2)** a D-1 Liquor Control Overlay for the lot on the southwest corner of Beachview Street and Garland Road; and **(3)** a Specific Use Permit for the sale and service of alcoholic beverages in conjunction with a restaurant without drive-through windows for the lot on the southwest corner of Beachview Street and Garland Road, on property zoned an LO-1-D Light Office District with a D Liquor Control Overlay.

SUMMARY: The applicant is proposing to utilize the property for restaurant and retail uses. The applicant has also volunteered deed restrictions to prohibit certain CR uses from being developed on the property.

CPC RECOMMENDATION: **Approval** of the CR Community Retail District with deed restrictions volunteered by the applicant; **approval** of a D-1 Liquor Control Overlay for the lot on the southwest corner of Beachview Street and Garland Road; and **approval** of a Specific Use Permit for a five-year period with eligibility of automatic renewals for additional five-year periods, subject to a site plan and conditions.

STAFF RECOMMENDATION: **Approval** of the CR Community Retail District with deed restrictions volunteered by the applicant; **approval** of a D-1 Liquor Control Overlay for the lot on the southwest corner of Beachview Street and Garland Road; and **approval** of a Specific Use Permit for a two-year period, subject to a site plan and conditions.

BACKGROUND:

- The request site is currently developed with a surface parking lot and a vacant office building.
- The applicant proposes to construct a 4,300-square-foot structure for restaurant and retail uses.
- The request was originally heard at the City Plan Commission's August 4, 2016, meeting.
- The request was remanded back to CPC by City Council on August 9, 2017, in order for the applicant to add a request for a SUP to allow the sale and service of alcohol.

Zoning History: There have not been any zoning changes in the area within the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW
Garland Road	Principal Arterial	100 feet

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the requested and determined that the proposed development will not significantly impact the surrounding street system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

Urban Design Element

GOAL 5.3 Establishing Walk-to Convenience

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Garland Road Vision Plan:

The Garland Road Vision Plan was adopted in November 2010. The plan is intended to be a Small Area Action Plan in support of the *forwardDallas* Comprehensive Plan. The plan's Future Land Development Visions depicts the area as commercial.

Surrounding Land Uses:

	Zoning	Land Use
Site	LO-1-D	Surface parking & Vacant office building
Northeast	LO-1-D, CR-D	Medical offices, fire station, retail
Northwest	LO-1 & MF-2(A)	Retail uses, multifamily, medical offices
Southeast	D(A)	Single family
Southwest	MU-2(SAH) with deed restrictions	Residential and retail uses

Land Use Compatibility:

The request site is approximately 1.74 acres of land and is currently developed with a surface parking use and a vacant medical office structure. The properties are surrounded by medical offices, fire station, and retail to the northeast; single family to the southeast; retail uses, multifamily, and medical offices to the northwest; and multifamily and retail to the southwest. The applicant proposes to develop the property with retail and restaurant uses.

The applicant is requesting to change the D Liquor Control Overlay to a D-1 Liquor Control Overlay on the property on the west corner of Beachview Street and Garland Road as well as a Specific Use Permit for the sale and service of alcoholic beverages in conjunction with a restaurant without drive-through windows on this portion. The applicant has confirmed that the restaurant proposed for this use will be "Chipotle". Staff is recommending approval of the CR Community Retail District, approval of the Specific Use Permit for the sale and service of alcoholic beverages in conjunction with a restaurant without drive-through windows and approval of the D-1 Liquor Control Overlay on the southwest corner of Beachview Street and Garland Road.

The "D-1" Overlay District is a Liquor Control Overlay District which requires an individual to obtain a Specific Use Permit in order to sell or serve alcoholic beverages, or setups for alcoholic beverages, for consumption on or off the premises.

The CR Community Retail District proposed development will have to comply with the residential proximity slope (RPS) because it is located directly across from D(A) Duplex District, across from Garland Road, to the south of the subject property. The maximum height allowed in CR is 54 feet. Additionally, the applicant has offered deed restrictions removing 29 of the uses allowed by the new district to support land use compatibility.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff is recommending approval of the SUP for a two-year period, in lieu of the applicant's request for a 35-year period, with eligibility for automatic renewals for additional ten-year periods because this will require that the use be re-evaluated within a shorter period of time.

Development Standards:

District	Setbacks		Density	Height	Lot Coverage	Special Standards	Primary Uses
Existing							
	Front	Side/Rear					
LO-1 Limited office – 1	15'	20' adjacent to residential OTHER: No Min.	1.0 FAR	70' 5 stories	80%	Proximity Slope U-form setback Tower spacing Visual Intrusion	Office – limited retail & personal service uses
Proposed							
CR Community retail	15'	20' adjacent to residential OTHER: No Min.	0.75 FAR overall 0.5 office	54' 4 stories	60%	Proximity Slope Visual Intrusion	Retail & personal service, office

Parking:

Pursuant to the Dallas Development Code, off-street and loading required parking must be provided in accordance with Division 51A-4.200 for the specific off-street parking and loading requirements for each use.

Landscaping:

The proposed development must comply with Article X of the Development Code.

CENSUS TRACT: 204.00

APPLICANT/OWNER: Katelin Burton Smith

REQUEST: An application for an expansion of Subdistrict 2 (Moderate Density Mixed Use Corridors) on property zoned Subdistrict 1 (Moderate Density Residential) within Planned Development District No. 317, the Cedars Area Special Purpose District.

SUMMARY: The applicant proposes to develop the site with commercial uses.

STAFF RECOMMENDATION: Denial

CPC RECOMMENDATION: Approval

BACKGROUND INFORMATION:

- On July 26, 1989, City Council approved PD No. 317, the Cedars Area Special Purpose District, containing approximately 580 acres.
- The subject site is undeveloped and contains 6,695 sq. ft. with 65 feet of street frontage along Beaumont Street, northwest of Gould Street. According to city records (POSSE), a structure was demolished in 1991.
- The purpose of this request is to change zoning of the lot from Subdistrict 1 for Moderate Density Residential uses to Subdistrict 2 for Moderate Density Mixed Use Corridors. The applicant would like to develop the site for commercial uses—with no further information provided. No changes to the existing conditions for Subdistrict 2 are proposed.
- The proposed rezoning would generate significant changes to the allowable uses on-site. In all, 39 new uses would be introduced to the site, 16 by right and 23 by special permits/processes (SUP, DIR, RAR). Ten uses currently allowed with special permits/processes would have lessened restrictions.

Zoning History: There have been five zoning cases in the area over the past five years.

1. **Z156-358:** An application for a new subdistrict for Subdistrict 2 uses and alternate design standards on property zoned Subdistrict 2 within Planned Development District No. 317, the Cedars Area Special Purpose District, in an area generally bounded by Bellevue Street, Browder Street, Sullivan Drive and Gould Street. (This case was withdrawn before proceeding to CPC.)
2. **Z156-275:** On December 14, 2016, the City Council approved a new subdistrict for single family uses and office showroom/warehouse use on property zoned Subdistrict 3A within Planned Development District No. 317, the Cedars Area Special Purpose District, located in an area generally bounded by both sides of Cockrell Avenue, McKee Street, Pitt/Wall Street and southwest of Alexander Avenue.
3. **Z156-158:** On March 23, 2016 the City Council approved an ordinance granting a Subdistrict 2 (Moderate Density Mixed Use Corridors) on property zoned Subdistrict 6 (Old City Park Institutional) within Planned Development District No. 317, the Cedar Area Special Purpose District, located on the southeast line of Gano Street, northwest of Beaumont Street South Ervay Street and Gano Street, east corner.
4. **Z156-127:** On April 13, 2016, the City Council approved a new subdistrict (2A) for property zoned Subdistrict 2 within PD No. 317, the Cedars Area Special Purpose District and located on the southwest corner of Beaumont Street and Ervay Street.
5. **Z134-284:** On December 10, 2014, the City Council approved SUP No. 2124 for a government installation other than listed use on property zoned PD No. 317, the Cedars Area Special Purpose District and located on the east side of Seegar Street as it terminates at Gould Street.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW	Proposed ROW
Beaumont Street	Community Collector	40 feet	60 feet

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

Surrounding Land Uses:

	Zoning	Land Use
Northwest	PD No. 317, Subdistrict 2	Single family and Multifamily
Northeast	PD No. 317, Subdistrict 1	Single family and Undeveloped
Southeast	PD No. 317, Subdistrict 2	Single family and Undeveloped
Southwest	PD No. 317, Subdistrict 2	Bar, lounge, or tavern and Undeveloped

STAFF ANALYSIS:

Comprehensive Plan:

The comprehensive plan does not make a specific land use recommendation related to the request, however the *forwardDallas! Vision Illustration*, adopted June 2006, is comprised of a series of Building Blocks that depicts general land use patterns. Building Blocks are generalized patterns without well-defined boundaries that indicate where certain types and densities of development might logically occur.

The applicant's request does not comply with the following goals, policies, and implementation measures of the Comprehensive Plan.

LAND USE

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.3 Build a dynamic and expanded Downtown.

Implementation Measure 1.1.3.3 Enhance Downtown's character and identity with consistent standards for public and private improvements.

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

Implementation Measure 1.1.5.1 Recognize adopted area/neighborhood plans in guiding development and zoning decisions.

Implementation Measure 1.1.5.4 Provide appropriate transitions between non-residential uses and neighborhoods to protect stability and quality of life.

GOAL 1.3 PROVIDE EQUITABLE OPPORTUNITIES FOR DALLAS RESIDENTS

Policy 1.3.1 Create housing opportunities throughout Dallas.

Area Plans

The site is within the Cedars Area Plan, adopted in 2002. The plan calls for Moderate Density Residential (p. 20), adding "consolidate and simplify sub-districts; support market trends toward residential and mixed-use development; establish buffers/transitions between residential and non-residential areas; establish gateways" (Implementation Chart 3.1).

The site is also identified as being within the Downtown Lakes District on the Trinity River Corridor Comprehensive Land Use Plan, adopted in 2005, and revised 2009. This area is within the Transit Center and Residential Urban uses. While the Downtown Lakes District should allow for the highest development intensity, it is a priority of the plan to retain and enhance existing uses (p. 45).

Finally, the site is also located within the Downtown 360 Area Plan, adopted in 2011, which calls for a bike lane as this is a bike district connector. The plan also identifies the Cedars as transforming into a "dense, full-service community" and a "vibrant, diverse neighborhood" (p. 26) - this implies mixed uses including residential.

Overall, while the trend in these three plans is to acknowledge the mixed-use nature of the area, there is great support for keeping residential development and zoning. Rezoning this lot to provide additional commercial development is a detriment to the Cedars, as this site is wholly within the residential core of the area.

Land Use Compatibility:

The subject site is undeveloped and contains 6,695 sq. ft. with 65 feet of street frontage along Beaumont Street, northwest of Gould Street. According to city records (POSSE), a structure was demolished in 1991.

On July 26, 1989, City Council approved PD No. 317, the Cedars Area Special Purpose District, containing approximately 580 acres. The site is located within Subdistrict 1, a Moderate Density Residential area. The proposed Subdistrict 2, a Moderate Density Mixed Use Corridors area, would generate significant changes to the allowable uses on-site. In all, 39 new uses would be introduced to the site, 16 by right and 23 by special permits/processes (SUP, DIR, RAR). Ten uses currently allowed with special permits/processes would have lessened restrictions.

The surrounding land uses include single family and multifamily uses within Subdistrict 2 to the northwest; single family, multifamily, and undeveloped uses within Subdistrict 1 to the northeast; undeveloped and multifamily uses within Subdistrict 2 to the southeast; and, a bar lounge or tavern and undeveloped uses within Subdistrict 2 to the southwest. There is plenty of land for commercial development, evident by undeveloped lots within Subdistrict 2 and adjacent to the site. The subject site has immediate adjacency to residential structures to the northwest—a rear yard, and to the east—a side yard.

The proposed change from Subdistrict 1 to Subdistrict 2 would provide for the following changes in land use capabilities:

- Add eight Commercial and Business Service uses; none were previously allowed.
- No longer require an SUP for three uses, and allow four new uses within the Institutional and Community Service category.
- Allow two Lodging uses; none were previously allowed.
- Amend restrictions for one use and allow three new uses in the Office category.
- Remove the SUP requirement for one use in the Recreation category.
- Amend restrictions for three uses and allow 16 new uses in the Retail and Personal Service category.
- Remove the SUP requirements for two uses in the Utilities and Public Services category.
- Allow five uses in the Wholesale, Distribution, and Storage category; none were previously allowed.

Several of the newly permitted uses would result in incompatible or undesirable intensities alongside residential properties to the northwest and east most particularly (existing residences). Commercial and Business Service uses are slightly industrial and more intensive in nature. For example, a technical school, custom woodworking, furniture construction, or repair shop, or building repair and maintenance shop would be allowed with a Residential Adjacency Review, among other uses. The argument that the more intensive uses are allowed on the adjoining lot does not consider the existing residences nearby. Rezoning lot-by-lot could eventually eradicate the residential element vital to the mixed-use, urban residential core of the Cedars area—a major component of Downtown living.

Per PD No. 317, the purpose of each subdistrict is as follows:**Subdistrict 1 (Moderate Density Residential)**

To encourage the development of a stable mix of low and moderate density residential land uses alone or in combination with limited office and retail land uses in areas that are isolated from heavy traffic routes; to encourage development patterns that support alternative modes of transportation; and to encourage the preservation of structures with historic value.

Subdistrict 2 and 2A (Moderate Density Mixed Use Corridors)

To encourage the development of moderate-density office, lodging, retail, and residential uses in compatible combinations along the main street corridors that serve the Cedars Area Special Purpose District; to encourage development that supports increased pedestrian and bicycle use; and to encourage the preservation of structures with historic value.

OWNER/APPLICANT: Interstate Holdings, Inc.

REPRESENTATIVE: Robert Baldwin

REQUEST: An application to renew Specific Use Permit No. 2047 for a vehicle auction and storage use on property zoned Tract IIC within Planned Development District No. 37.

SUMMARY: The applicant proposes to continue to operate a vehicle auction and storage facility. No changes are proposed to the existing site plan.

CPC RECOMMENDATION: Approval for a five-year period, subject to conditions.

STAFF RECOMMENDATION: Approval for a three-year period with eligibility for automatic renewals for additional five-year periods, subject to conditions.

BACKGROUND INFORMATION:

- PDD No. 37 was approved by City Council on September 5, 1967, and has been amended several times.
- On February 24, 1999, the PDD was amended to create Tract IIC for I-1 Industrial District Uses and a *vehicle auction and storage use* by Specific Use Permit on Tract IIC only and this amendment included a development plan for Tract IIC. This amendment defined a *vehicle auction and storage use* as a facility for the auction of vehicles including the storage of inoperable vehicles for a period not to exceed 14 calendar days. For the purposes of this definition, vehicles include automobiles, trucks, boats and other conveyances.
- Specific Use Permit No. 1380 was also approved on February 24, 1999, for a vehicle auction and storage use. It expired on April 9, 2008 and was not renewed.
- Specific Use Permit No. 2047 was approved on September 11, 2013, for a vehicle auction and storage use and expires on September 11, 2018.

Zoning History:

1. **Z112-302:** On November 14, 2012, the City Council approved SUP No. 1997 for an open-enrollment charter school for a five-year period with eligibility for automatic renewal for additional five-year periods, subject to a site plan, traffic management plan, and conditions.

STAFF ANALYSIS:

Area Plans:

On December 14, 2005, City Council approved the *Bachman Lake/West Northwest Highway Needs Assessment Study*. The Steering Committee's four key issues (Crime, Code and Certificate of Occupancy Violations, existing Zoning Ordinance classifications, and Urban Design/Area Identity) are supported by the research and findings of in the *Study*; however, it did not make recommendations on land use. Specifically, the *Study* recommended a development code amendment to require that billiard halls obtain specific use permits.

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Land Use Compatibility:

The site is utilized as a vehicle auction and storage facility and developed with two buildings, approximately 3,600 square feet and 6,700 square feet in floor area, and a large surface parking lot. The applicant proposes to continue to operate a vehicle auction and storage facility.

The request site is surrounded by a local utilities use to the northeast; retail uses to the southeast; an auto-related use to the southwest and an open-enrollment charter school use to the northwest. It is noted that the request site is within the flight path of Dallas Love Field.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the

surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The applicant's request is consistent with the intent of the Dallas Development Code but to ensure that the proposed use operates compatibly with the adjacent uses, staff recommends approval for a three-year period with eligibility for automatic renewal for additional five-year periods, subject to a site plan and conditions.

Traffic:

The Engineering Division of the Sustainable Construction and Development Department has reviewed the requested amendment and determined that it will not significantly impact the surrounding roadway system.

Parking:

PROPOSAL: A City Plan Commission authorized hearing to determine the proper zoning on property zoned a CH Clustered Housing District, CR Community Retail District, CS Commercial Service District, a D(A) Duplex District, an LO-1 Limited Office District, an MF-1(A) Multifamily District, an MF-2(A) Multifamily District, an MU-1 Mixed Use District, an NS(A) Neighborhood Service District, a P(A) Parking District, an R-5(A) Single Family District, an R-7.5(A) Single Family District, and an RR Regional Retail District; Planned Development District No. 87, Planned Development District No. 282, Planned Development District No. 221, Planned Development District No. 316, Planned Development District No. 160, Planned Development District No. 340, Planned Development District No. 468, Planned Development District No. 487, Planned Development District No. 567, Planned Development District No. 682, and Planned Development District No. 830; and, Conservation District No. 1 and No. 7, with consideration given to an historic demolition delay overlay.

SUMMARY: On September 22, 2015, City Council approved the code amendment to create the Historic Building Demolition Delay Overlay. The first two demolition delay overlays (North Oak Cliff DDO No. 1 and Downtown DDO No. 2) were approved by City Council on November 10, 2015. This action would create another demolition delay overlay for a larger area of North Oak Cliff immediately adjacent to the existing North Oak Cliff DDO overlay.

CPC RECOMMENDATION: Approval**STAFF RECOMMENDATION:** Approval

BACKGROUND INFORMATION:

The Downtown Dallas Historic Preservation Task Force was formed in December of 2014. Their purpose was to address the vulnerability of Downtown Dallas' historic resources and to explore best practices nationwide for incorporating historic preservation into a broader economic development plan to foster downtown revitalization and growth. The Task Force addressed ways to help preservation and development work together.

The Task Force was comprised of downtown stakeholders, preservationists, developers, architects, planners, and real estate professionals. The Task Force met eight times over four months to formulate recommendations to present to City Council. One of the recommendations was the creation of a demolition delay "for proposed demolition of historic buildings in Greater Downtown to foster dialogue and consider alternatives."

On June 3, 2015, City Council was briefed on the Task Force recommendations. Council generally supports the recommendations of the Task Force and instructed staff to return with the proposed demolition delay as the first action item and pursue the other recommendations in a timely manner.

On August 3, 2015, Landmark Commission recommended approval of the code amendment creating the Historic Building Demolition Delay Overlay.

City Plan Commission recommended approval of the code amendment on August 20, 2015, and City Council approved the creation of the overlay on September 22, 2015.

City Council approved the creation of the first two overlays on November 10, 2015.

City Plan Commission authorized the public hearing on November 16, 2017 to create the proposed demolition delay overlay which is located in north Oak Cliff immediately adjacent to the existing demolition delay overlay.

STAFF ANALYSIS:

This demolition delay overlay is being proposed for a larger area adjacent to the existing North Oak Cliff demolition delay overlay due to the loss and threatened nature of historic and cultural landmarks that lie outside the existing overlay. Crucial components of Dallas' historic fabric and economic viability can be demolished by any owner at any time with no waiting period or review.

The goal of the demolition delay is to create a waiting period to give staff the opportunity to review demolition applications for buildings 50 years or older and meeting certain criteria in the Greater Downtown Dallas area and to explore alternatives to demolition when appropriate.

The proposed overlay would apply to buildings or structures at least 50 years old that meet one of the following criteria: 1) located in a National Register District or individually

listed, 2) a Recorded Texas Historic Landmark, 3) State Antiquities (Archeological) Landmark, 4) National Historic Landmark, 5) listed as significant in the 2003 Downtown Dallas Historic/Architectural Significant Properties survey, or 6) listed as contributing in the 1994 Hardy-Heck-Moore survey.

The Dallas Appraisal District data will be used to determine the age of a structure. If the structure is 45 years to 50 years, staff will use the 10-day (Phase I) period to review building permit and certificate of occupancy records to confirm the date of construction.

The proposed process will begin when an owner submits a demolition application to Building Inspections. Building Inspection staff will notify the Historic Preservation Officer (HPO), which will initiate a 10-day review by the HPO. If the property meets the criteria listed above, the application will have an additional 45-day delay. If the criteria are not met, the HPO will notify Building Inspection staff and the demolition permit will be issued.

For properties meeting the criteria, staff will list the properties on the City's webpage with staff contact information and place a sign on the property. The HPO will schedule a meeting with the owner to discuss alternatives to demolition. Staff will invite interested organizations (such as Dallas Downtown, Inc., Preservation Dallas, etc.) and stakeholders to the meeting as well as appropriate City departments.

If no viable solution is agreed upon within 45 days, the HPO will notify Building Inspection staff to issue the demolition permit. However, the property owner may agree in writing to extend the delay period to continue to work on alternatives. The time of the additional delay will be negotiated between the HPO and the property owner. If other alternatives are not agreed upon during this extended time period, the HPO will notify Building Inspection staff to issue the demolition permit.

SUMMARY:

The Downtown Dallas Historic Preservation Task Force recommended the City initiate a process for a delay for historic buildings facing demolition. On September 22, 2015, City Council approved the code amendment to create the Historic Building Demolition Delay Overlay. The first two demolition delay overlays (North Oak Cliff DDO No. 1 and Downtown DDO No. 2) were approved by City Council on November 10, 2015. This action would create another demolition delay overlay for a larger area of East Dallas and Oak Lawn immediately adjacent to the existing Downtown DDO overlay.

CPC RECOMMENDATION: Approval

STAFF RECOMMENDATION: Approval

BACKGROUND INFORMATION:

The Downtown Dallas Historic Preservation Task Force was formed in December of 2014. Their purpose was to address the vulnerability of Downtown Dallas' historic resources and to explore best practices nationwide for incorporating historic preservation into a broader economic development plan to foster downtown revitalization and growth. The Task Force addressed ways to help preservation and development work together.

The Task Force was comprised of downtown stakeholders, preservationists, developers, architects, planners, and real estate professionals. The Task Force met eight times over four months to formulate recommendations to present to City Council. One of the recommendations was the creation of a demolition delay "for proposed demolition of historic buildings in Greater Downtown to foster dialogue and consider alternatives."

On June 3, 2015, City Council was briefed on the Task Force recommendations. Council generally supports the recommendations of the Task Force and instructed staff to return with the proposed demolition delay as the first action item and pursue the other recommendations in a timely manner.

On August 3, 2015, Landmark Commission recommended approval of the code amendment creating the Historic Building Demolition Delay Overlay.

City Plan Commission recommended approval of the code amendment on August 20, 2015, and City Council approved the creation of the overlay on September 22, 2015.

City Council approved the creation of the first two overlays on November 10, 2015.

City Plan Commission authorized the public hearing on November 16, 2017 to create the proposed demolition delay overlay which is located in north Oak Cliff immediately adjacent to the existing demolition delay overlay.

STAFF ANALYSIS:

This demolition delay overlay is being proposed for a larger area adjacent to the existing North Oak Cliff demolition delay overlay due to the loss and threatened nature of historic and cultural landmarks that lie outside the existing overlay. Crucial components of Dallas' historic fabric and economic viability can be demolished by any owner at any time with no wait period or review.

The goal of the demolition delay is to create a wait period to give staff the opportunity to review demolition applications for buildings 50 years or older and meeting certain criteria in the Greater Downtown Dallas area and to explore alternatives to demolition when appropriate.

The proposed overlay would apply to buildings or structures at least 50 years old that meet one of the following criteria: 1) located in a National Register District or individually listed, 2) a Recorded Texas Historic Landmark, 3) State Antiquities (Archeological) Landmark, 4) National Historic Landmark, 5) listed as significant in the 2003 Downtown Dallas Historic/Architectural Significant Properties survey, or 6) listed as contributing in the 1994 Hardy-Heck-Moore survey.

The Dallas Appraisal District data will be used to determine the age of a structure. If the structure is 45 years to 50 years, staff will use the 10-day (Phase I) period to review building permit and certificate of occupancy records to confirm the date of construction.

The proposed process will begin when an owner submits a demolition application to Building Inspections. Building Inspection staff will notify the Historic Preservation Officer (HPO), which will initiate a 10 day review by the HPO. If the property meets the criteria listed above, the application will have an additional 45-day delay. If the criteria are not met, the HPO will notify Building Inspection staff and the demolition permit will be issued.

For properties meeting the criteria, staff will list the properties on the City's webpage with staff contact information and place a sign on the property. The HPO will schedule a meeting with the owner to discuss alternatives to demolition. Staff will invite interested organizations (such as Dallas Downtown, Inc., Preservation Dallas, etc.) and stakeholders to the meeting as well as appropriate City departments.

If no viable solution is agreed upon within 45 days, the HPO will notify Building Inspection staff to issue the demolition permit. However, the property owner may agree in writing to extend the delay period to continue to work on alternatives. The time of the additional delay will be negotiated between the HPO and the property owner. If other alternatives are not agreed upon during this extended time period, the HPO will notify Building Inspection staff to issue the demolition permit.

CENSUS TRACT: 171.02

REPRESENTATIVE/APPLICANT/OWNER: Joel Torres

REQUEST: An application for a Specific Use Permit for a private recreation center, club, or area on property zoned an A(A) Agricultural District.

SUMMARY: The purpose of this request is to allow for the following private fields: three baseball fields and one volleyball court.

CPC RECOMMENDATION: Approval for a two-year period, subject to a site plan and conditions.

STAFF RECOMMENDATION: Approval for a two-year period, subject to a site plan and conditions.

BACKGROUND INFORMATION:

- The request is made to allow one volleyball court and three baseball fields as part of a private recreation center, club, or area.
- The site is operated as an agricultural use with livestock. The owner currently hosts baseball and volleyball games for local adult male baseball teams. Code enforcement notified the owner to contact the Sustainable Development and Construction Department to discuss how to proceed with this use. A specific use permit is required to allow the continued use as a private recreation center, club, or area in a residential zoning district, including the A(A) Agricultural District.

Zoning History:

There have been no zoning cases within the vicinity of the area of request in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Right-of-Way
Tea Garden Road	Local	60 feet

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that it will not have a detrimental impact on the surrounding street system; however, “no parking” signs are required along Tea Garden Road. The requirement is made due to the narrow pavement conditions (approximately 20 feet) along Tea Garden Road.

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant’s request. The comprehensive plan does not make a specific land use recommendation related to the request. The Plan identifies the request site being located in a Residential Building Block.

Single-family dwellings are the dominate land use in these areas. Some shops, restaurants or institutional land uses such as schools and religious centers that serve neighborhood residents may be located at the edges or at key intersections.

The request complies with the following land use goals and policies of the

Comprehensive Plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

Implementation Measure 1.1.5.3 Encourage neighborhood-serving office, retail, or other non-residential uses to be located in residential community areas, primarily on significant roadways or at key intersections.

GOAL 1.2 PROMOTE DESIRED DEVELOPMENT

Policy 1.2.1 Use Vision Building Blocks as a general guide for desired development patterns.

The requested recreational use is characteristic of the Residential Building Block, which is predominately for single-family uses, but allows recreational and institutional uses to serve the surrounding neighborhoods.

Land Use Compatibility:

The subject site is currently zoned an A(A) Agricultural District. The uses permitted in this district are intended to accommodate normal farming, ranching, and gardening activities. Over time, it is expected that agricultural zoned properties will eventually develop into urban sites.

	Zoning	Land Use
Site	A(A) Agricultural	Agricultural and existing playing fields
North	A(A) Agricultural	Single family and agricultural
East	A(A) Agricultural	Single family and agricultural
South	A(A) Agricultural	Single family and agricultural
West	A(A) Agricultural, PD No. 819, R-7,5(A), R-5(A), and Deed Restrictions	Single family, public school, and agricultural

Surrounding land uses include single family and agricultural, with a school nearby as well. These uses are typical in residential neighborhoods with low density. The private recreation center, club, or area use is permitted by right in retail, commercial service, industrial, central area, mixed use, multiple commercial and urban corridor districts. When feasible, this use is allowed in residential districts with special consideration by

SUP. The intent of allowing it by SUP in residential districts is to gauge the level of appropriateness and provide for public comment.

The site is currently agricultural land. The fields exist and are used by the property owner and baseball teams from around the metroplex, according to the applicant (owner). The applicant had originally requested the right to operate seven days a week. After discussing concerns over the need for a break in the currently remote and residential area, the applicant amended the request to three days a week, Friday, Saturday, and Sunday. To address privacy and future maintenance, a six-foot solid privacy fence is required to be provided and maintained around the perimeter of the site. Hours of operation limit the use to certain times of day. The use of lighting and amplified sound is limited to the hours of operation. Paved parking far exceeding the code requirement is being offered within the site. Sec. 51A 4.208(2)(c) requires three parking spaces per playing field and an additional one parking space per 150 square feet of floor area. In all, approximately 44 parking spaces are required for the three baseball fields, one volleyball court, and 4,680 square feet of additional floor area (storage buildings and covered porches). Portable toilets and a dumpster will be required as identified on the site plan.

Staff believes that with compliance to the proposed site plan and conditions, the use could be an asset to the area as it develops into an urban site in the future. In an effort to ensure that the site matches the future development of the area, staff is recommending the time period be two years with no auto renewal recommended. This gives neighbors the opportunity to experience the facility under the SUP regulations imposed by this request. If additional concerns arise, the conditions may be amended when the SUP comes in for renewal.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards.

Parking:

Sec. 51A 4.208(2)(c) requires three parking spaces per playing field and an additional one parking space per 150 square feet of floor area. In all, approximately 44 parking spaces are required for the three baseball fields, one volleyball court, and 4,680 square feet of additional floor area (storage buildings and covered porches for audiences). The proposed site plan depicts that the applicant will provide 116 parking spaces, of which five are van accessible handicapped spaces.

Landscaping and Screening:

According to the City arborist, this request meets the requirements of Article X. Staff recommended the addition of a six-foot solid privacy fence around the perimeter of the site to reinforce the separation of the use from surrounding agricultural and single-family uses.

CPC Action:
February 16, 2017

Motion: It was moved to recommend **approval** of a Specific Use Permit for a private recreation center, club, or area for a two-year period, subject to a site plan and conditions on property zoned an A(A) Agricultural District on the south line of Tea Garden Road, west of Haymarket Road.

APPLICANT/OWNER: Walter Huerta

REQUEST: An application for an IR Industrial Research District and a Specific Use Permit for an Industrial (outside) not potentially incompatible use limited to a concrete batch plant on property zoned an A(A) Agricultural District.

SUMMARY: The applicant is proposing to operate a concrete batch plant on the property.

CPC RECOMMENDATION: Approval of an IR Industrial Research District; and approval of a Specific Use Permit for a four-year period, subject to a site plan, a landscape plan, and conditions.

STAFF RECOMMENDATION: Approval of an IR Industrial Research District; and approval of a Specific Use Permit for a three-year period, subject to a site plan, a landscape plan, and staff's recommended conditions.

BACKGROUND INFORMATION:

- The request is for a zone change and SUP to allow a concrete batch plant. The site is undeveloped and contains approximately 3.587 acres of land.
- The site plan depicts one proposed office structure (616 sq. ft.), two cement silos up to 50 feet in height, a dust collector, elevated storage, conveyor belt, hopper, sand storage, and parking spaces. The overall outside floor area for the industrial use is 8,618 square feet.
- A proposed landscape plan provides a 15-foot landscape buffer along a portion of the northwest property line and all along Simpson Stuart Road. A 10-foot landscape buffer of existing plant material will provide some relief from residential adjacency buffering requirements for a nonresidential building site adjacent to an agricultural district.
- The proposed IR Industrial Research District would add a variety of uses concentrated in the commercial service and industrial categories, while removing the residential use capacity found in the existing A(A) Agricultural District.

Zoning History:

There have been no recent zoning requests in the area in the past 5 years.

Thoroughfares/Streets:

Thoroughfares/Street	Type	Existing ROW
Simpson Stuart Road	Principal Arterial	100 feet

Land Use:

	Zoning	Land Use
Site	A(A) Agricultural District	Undeveloped
North	IR Industrial Research District	Auto Service Center, Undeveloped, Utilities, Single Family, Vehicle Display, Sales, and Service
East	A(A) Agricultural District	Vehicle Display, Sales, and Service, and Vacant
South	A(A) Agricultural District	Undeveloped and Crop Production
West	A(A) Agricultural District	Utilities

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and has no objections.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

LAND USE ELEMENT:

GOAL 1.2 Promote desired development.

Policy 1.2.1 Use Vision Building Blocks as a general guide for desired development patterns

The concrete batching plant is a vital part of the industrial fabric that allows specific materials to be processed and transported to various locations throughout the City. The request site is consistent with the *forwarddallas! Comprehensive Plan* because the Plan identifies the area as Industrial Area. The request site is located within a transitional area and is contiguous to several agricultural tracts of land and industrial/warehouse uses that are in an IR Industrial Research District.

Land Use Compatibility:

The site is undeveloped and contains approximately 3.587 acres of land. The proposed rezoning and SUP will allow for an industrial outside use limited to a concrete batch plant to operate at the site. The property has approximately 380 feet of frontage along Simpson Stuart Road, a principal arterial road with 100 feet of right-of-way. There are two proposed ingress/egress points. Each access point has a 26-foot wide concrete driveway and a manual gate. According to the site plan submitted, the access points will be one-way—offering one entrance and one exit separated by 140 feet of landscaped frontage. The entire property will be screened with an eight-foot solid fence.

Adjoining land uses include a utility transmission line and crop production to the west; crop production to the south; natural liquefied fueling station, crop production, vacant structures, and vehicle display, sales, and service to the east; and, single family and vehicle display, sales, and service to the north across Simpson Stuart Road. The McCommas Bluff Landfill is approximately one mile to the east. Multifamily zoning is found over 3,000 feet southwest along Simpson Stuart Road.

The immediate vicinity of the subject site seems to be transitioning to industrial uses with patches of Industrial Research and Commercial Service Districts to the north, east, and south. While the property does not have residential adjacency as defined by Residential Adjacency Review standards in Sec. 51A-4.803(d)(3)(A), the Agricultural District does allow residential uses and surrounds the site. Single family uses also exist across Simpson Stuart Road in the Industrial Research District (seemingly nonconforming land uses since not allowed in this district). The SUP conditions provide measures to mitigate any adverse effects of the use on surrounding areas. Staff recommends an initial period of three-years to allow an opportunity to re-evaluate the continued compatibility of this land use with the surrounding general area and compliance with the SUP conditions.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Development Standards:

DISTRICT	SETBACKS		Density FAR	Height	Lot Coverage	Special Standards	Primary Uses
	Front	Side/Rear					
Existing							
A(A) Agricultural	50'	20'/50'	None	24'	10% or 25%	None	Agricultural & single family.
Proposed							
IR Industrial Research	15'/0'	0'/30'	NA	200'	80%	RPS	Industrial, wholesale distribution & storage, supporting office & retail.

Parking:

The Dallas Development Code requires one space per 600 square feet of floor area including outside manufacturing area. The site plan provided shows 8,618 square feet of outside manufacturing area. Additionally, the plan identifies 616 square feet of office space, parked at one space per 333 square feet of floor area. A total of 16 parking spaces are required and 20 spaces are provided as shown on the attached site plan.

Landscaping & Screening:

Landscaping must be provided in accordance with the landscape plan. While there are no immediately adjacent residential uses to the site, Article X defines residential adjacency to include the A(A) Agricultural District. The proposed use is required to provide a 10-foot wide perimeter landscape buffer in combination with a minimum six-foot-tall solid screening fence along the three sides of the property facing the agricultural zoning. However, in lieu of these residential adjacency requirements, the applicant is requesting to install an eight-foot-high solid screening fence in the locations shown on the proposed landscape plan. Additionally, the proposed landscape plan provides a 10-foot landscape buffer of existing plant material which will provide some relief from residential adjacency buffering requirements for a nonresidential building site adjacent to an agricultural district. The site will also have a 15-foot landscape buffer along a portion of the northwest property line and all along Simpson Stuart Road in addition to the same solid eight-foot fence. This includes screening of the proposed parking spaces with shrubbery.

REPRESENTATIVE: Jose Garcia

REQUEST: An application for the renewal of Specific Use Permit No. 2074 for a potentially incompatible industrial use limited to metal or metal product treatment or processing on property zoned RS-I Regional Service Industrial Subdistrict within Planned Development District No. 595, the South Dallas/Fair Park Special Purpose District.

SUMMARY: The purpose of this request is to continue the operation of resurfacing raw metals with a material that is weather-resistant through a metal coating and finishing process in an 8,427-square-foot warehouse. The procedure requires submerging various types of materials into a chemically treated liquid to perform the metal coating and finishing process. The applicant receives the various materials from a local business. The overall metal finishing alters the surface of metal products to enhance: corrosion resistance, wear resistance, electrical conductivity, electrical resistance, reflectivity and appearance (e.g., brightness or color), torque tolerance, solderability, tarnish resistance, chemical resistance, ability to bond to rubber (e.g., vulcanizing), and hardness.

CPC RECOMMENDATION: Approval for a two-year period, subject to conditions.

STAFF RECOMMENDATION: Approval for a two-year period, subject to conditions.

BACKGROUND INFORMATION

- On February 26, 2014, City Council approved SUP No. 2074 for a potentially incompatible industrial use limited to metal or metal product treatment or processing for a two year period.
- On February 10, 2016, City Council renewed SUP No. 2074 for a two year period.

Zoning History: There have not been any zoning changes in the area in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW	Proposed ROW
South Harwood Street	Collector	60 ft.	60 ft.
Coombs Street	Collector	80 ft.	107 ft.

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that the proposed development will not have a negative impact on the surrounding street system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The proposed zoning request meets the following goal and objective of the comprehensive plan.

Economic Element

Goal 2.1 Promote balanced growth

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Land Use Compatibility:

Location	Zoning	Land Use
Site	PDD No. 595 (RS-I) and SUP No. 2074	Potentially incompatible industrial use (existing)
Northeast	PDD No. 513	Undeveloped
Southeast	PDD No 595 (RS-C)	Warehouse
South	PDD No. 595 (FWMU-3)	Multifamily
Southwest	PDD No. 595 (RS-I)	Industrial
Northwest	PDD No. 513	Multifamily

The surrounding properties are transitioning from industrial and is currently a mixture of multifamily and commercial uses as noted in the chart above.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards.

The use has been in operation for two years and although multifamily uses exist to the northwest and south, the use is contained within a building, the multifamily to the north is separated from the site with approximately 120 feet of covered parking, and the multifamily to the south is approximately 100 feet away, across South Harwood Street. Because the use is physically separated from multifamily uses, fully enclosed within a building, and because the area is transitioning to a mixed use area, staff supports the renewal of SUP No. 2074 but only for a two-year period in order to re-evaluate the appropriateness of the use as the area transitions.

Development Standards:

<u>DISTRICT</u>	<u>SETBACKS</u>		Density	Height	Lot Coverage	Special Standards	PRIMARY Uses

RS-I Regional Service Industrial	15'	15' adjacent to residential OTHER: No Min.	1.0 combined 1.0 office 0.5 retail	70' 5 stories	80%	Proximity Slope Visual Intrusion	Commercial and business service, office, Industrial

Landscaping:

Landscaping will not be triggered because neither the floor area nor parking will be expanded.

Parking:

The parking requirement for an industrial (inside) potentially incompatible industrial use is one space per 600 square feet of floor area. The site has 16 parking spaces located inside the structure.

Prior CPC Action – November 16, 2017:

BACKGROUND INFORMATION:

- On September 26, 2001, the City Council approved Planned Development District No. 595.
- The area of request is currently improved with a one story, 1,050-square-foot metal structure.

Zoning History: There have been two recent zoning requests in the area within the last five years.

1. Z145-119 On March 25, 2015, the City Council approved an application for a new tract within Planned Development District No. 730 on property zoned Subdistrict R-5(A) within Planned Development District No. 595, the South Dallas/Fair Park Special Purpose District and Planned Development District No. 730 located on the northwest line of Hooper Street, west of Bexar Street.
2. Z134-123 On May 14, 2014, the City Council approved an application for a Planned Development District for CS Commercial Service District uses on property zoned a CC Community Commercial Subdistrict, Tract 10 within Planned Development District No. 595, the South Dallas/Fair Park Special Purpose District located on the southeast corner of Robert B. Comprehensive Plan:

The *fowardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *fowardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The applicant's request is consistent with the following goals and policies of the Comprehensive Plan. The request site is within a retail corridor that is located within the Southern Sector.

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.2 Focus on Southern Sector development opportunities.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.3 Support efforts to grow retail and residential opportunities in the Southern Sector.

STAFF ANALYSIS:

Land Use Compatibility:

The site is currently developed with a 1,050-square-foot vacant one-story metal building, along the Second Avenue frontage. The applicant is planning to utilize the existing structure for an auto service center.

The property is immediately adjacent to vacant lots. The surrounding area is comprised of retail and personal service uses and commercial service uses along the Second Avenue corridor. Single family uses are located further north of the request site.

The surrounding uses are compatible with the proposed use on the subject property as similar uses are present within the area. The request site fronts along Second Avenue which is classified as a community collector. Second Avenue intersects at S. Fitzhugh Avenue, a minor arterial with 100 feet of R.O.W. divided by a median with 6-lanes and connects with Robert B. Cullum, a principal arterial with 107 feet of R.O.W., divided by 6-lanes and provides adequate service to the businesses along this section of the street. Staff recommends approval based on the zoning change being consistent with the current land use and future land use goals in Planned Development District No. 595.

Development Standards:

<u>DISTRICT</u>	SETBACKS		Density	Height	Lot Coverage	Special Standards	PRIMARY Uses
	Front	Side/Rear					
PDD No. 595	0' or 15'	15' adjacent to residential OTHER: No Min. or 5'	0.5 FAR	30' 2 stories	40%	Proximity Slope Visual Intrusion	Retail & personal service, office

Parking:

The proposed auto service center use requires that two parking spaces be provided at a ratio of 1 space per 500 square feet of floor area. Additionally, PDD No. 595 requires that required off-street parking is prohibited within 30 feet of the public street curb. As required, the applicant is proposing three parking spaces to be located at the rear of the existing structure. No significant increase in the number of vehicles will be generated.

Landscaping:

Landscaping is required per Article X of the Dallas Development Code, as amended.

Prior CPC Action

December 14, 2017:

APPLICANT/OWNER: USAI, LP

REPRESENTATIVE: Gary E. Day

REQUEST: An application for a Specific Use Permit for a medical clinic or ambulatory surgical center on property zoned Subarea 1 within Planned Development District No. 316, the Jefferson Area Special Purpose District.

SUMMARY: The applicant proposes to operate a dental office in the existing structure.

CPC RECOMMENDATION: **Approval** for a five-year period, subject to a site plan and conditions.

STAFF RECOMMENDATION: **Approval** for a five-year period, subject to a site plan and conditions.

Background:

- The applicant is proposing a dental clinic in a 5,300-square-foot suite, within an existing 6,716-square-foot, two-story building.
- The property is zoned Subarea 1 within PD No. 316, the Jefferson Area Special Purpose District, which requires an SUP for a medical clinic or ambulatory surgical center when located on street level.
- On September 10, 2015, the City Council approved an amendment to PD No. 316 to require an SUP for a medical clinic or ambulatory surgical center when located on street level. Prior to that, this use had been allowed by right within Subarea 1.

Zoning History: There have been no zoning requests in the immediate area within the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW
W. Jefferson Boulevard	Minor Arterial	Variable

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the requested amendment and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The *forwardDallas! Comprehensive Plan* outlines several goals and policies to support the applicant's request:

Land Use Element

GOAL 1.1 Align Land Use Strategies with Economic Development Priorities

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics.

The proposed use complements the characteristics of the Jefferson Boulevard area which is a mix of uses such as retail, personal service uses and office uses.

Land Use Compatibility:

The site is developed with a one-story, 6,716 square-foot building. Approximately 5,300 square feet is proposed for a medical clinic or ambulatory surgical center use. The proposed hours of operation will be Monday through Saturday from 10:00 a.m. to 7:00 p.m.

The property is surrounded by a restaurant use to the north and east; and retail uses to the south and west.

Subdistrict 1 within PDD No. 316 allows for a medical clinic or ambulatory surgical center with an SUP when the use is located at the street level, otherwise it is allowed by right. The code amendment to require an SUP for the use, when located on the first floor within Subarea 1 of PDD No. 316, was approved by City Council in 2014. This restriction was established to encourage more pedestrian and street level activity with medium density retail, office, and/or multifamily residential uses in combination on single or contiguous building sites.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with

the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The proposed use is compatible with the surrounding uses as these are comprised of retail and restaurant uses. The proposed use is not detrimental to the area because it complements the existing surrounding uses and complies with the intent of Subarea 1 within PD No. 316.

Parking:

The property has surface parking located in front of the building. The parking requirements for a medical clinic or ambulatory surgical center are one parking space per every 366 square feet of the proposed use. The applicant plans to occupy 5,300 square feet with fourteen parking spaces required. The site provides forty-eight on-street parking spaces for the buildings. Per PDD No. 316, any on-street parking spaces may be counted as a reduction of the parking requirement of the use adjacent to the on-street parking space. When a tenant gets a CO for a multi-tenant building, Building Inspection requests a parking analysis to show sufficient parking for all the uses in the building. As uses change, BI will ensure parking is available for all tenants according to the PD requirements.

Landscaping:

The applicant is not proposing any additions to the existing structure. Therefore, no landscaping requirements are being triggered with the proposed use.
