**Action Taken/Committee Recommendation(s):**

Staff provided the Committee with the month ending May 2018 Public Safety Dashboards to provide a comprehensive snap shot of performance measures, critical areas of concerns, and staffing levels each month. Chair McGough opened floor to committee for questions. Council is currently in discussion regarding levels of police pay and its effect on retention and recruiting. Councilmember Kingston asked what is staff's reaction to that discussion and should we increase pay 5% across board in this budget year? Staff responded that there is need to review compensation for police and fire and they have been assessing a market study for pay increase as discussions of meet and confer have begun. Staff is also looking at other metroplex areas as a foundation as base for budget and meet and confer discussions. Council is requesting data before October 2018 budget vote.

Councilmember Gates raised concern on response times and complaints concerning prostitution questioning the real crime activity being recorded and reported. Chief Hall responded that Dallas Police Department has active enforcement regarding prostitution to include narcotics and patrol divisions. Communications do need to be provided to community, perception of crime is something being worked on, actionable items can be having more of a police presence in areas, however a challenge is still a need for personnel. Councilmember Greyson asked for more emphasis on buyers of these types of services. Medrano and Felder asked for more police presence in their districts.

Information Only:

#### Action Taken/Committee Recommendation(s):

Staff presented an overview of the daytime and nighttime juvenile curfew for the City of Dallas. The ordinance was originally adopted by the Dallas City Council on June 12, 1991. The current ordinance expires on January 18, 2019. The curfew can be enforced against juveniles, their parents, and the owner or employee of an establishment who allows a minor to remain on the premises after curfew. The department conducted an analysis to determine the effectiveness of the Dallas curfew ordinance. Council requested more data regarding gender breakdown of curfew enforcement demographics and the body camera footage associated with these citations. Police Department staff will provide these metrics to the council. No action on this ordinance is required until January 2019, staff will brief this again in the fall with updated data, due to an expiring ordinance.

This new division provides the structure for improved data collection and trend analysis, specifically related to on-duty injuries and collisions. It is focused on researching and developing best practices, and ensuring that the department's training, policies, and equipment contribute to a safe working environment for all DFR employees. Council concerns included proper heating and air conditioning for fire fighters. **Information Only:**

**Action Taken/Committee Recommendation(s):**

Staff proposed next steps for EdCor to acquire City-owned land for this project. EdCor has been working with the City and dozens of stakeholders on this project since January 2017 to ensure the end product is one that meets both City expectations and serves a public purpose. Public purposes of the clinic will include a solution to the following:

- The need for primary health care service in the targeted area (75241 zip code)
- The need to address the highest volume of mental health crisis calls through the South Central Police Station
- The lack of preventative outreach programs and ongoing behavioral & mental health treatment south of I-30

Council agrees this is a need in that region of the city and will be reviewing an agreement when brought back to committee. Some expressed the need for the appraisal of this project, and for the committee to be aware of all resources and parties associated with the project so council action can be taken once the agreement has been finalized.

SUBJECT: **Summary of Northwest Patrol Division's Prostitution Initiatives**

On April 20, 2018, Northwest Patrol Division began implementing prostitution initiatives. The initiatives concentrated in the areas of Harry Hines Boulevard, Walnut Hill Lane, Shady Trail, Royal Lane, Dennis Road, and Storey Lane. The initiative addresses the prostitutes, pimps, and "johns." Both uniformed and plain clothes officers are used during these initiatives.

During the initiatives Northwest Patrol Division noticed the pimps were hanging out in the parking lots of businesses on Harry Hines Boulevard and Walnut Hill Lane. The Neighborhood Patrol Officers contacted those businesses and obtained Criminal Trespass Affidavits, so the officers could take enforcement action of trespassing when the businesses are closed.

The Shady Trail businesses were also affected by the prostitution, so Northwest Patrol Division brought together the business owners to form a Shady Trail Business Crime Watch. While setting up this crime watch, Northwest Patrol Division obtained Criminal Trespass Affidavits from these businesses, so officers can take enforcement actions while the businesses are closed.

Attached is a copy of the activity the Northwest Patrol Division has done since implementing the prostitution initiatives in April.

### Psychiatric Service Providers Update

The North Texas Behavioral Authority along with Parkland Hospital have created a resource guide for Dallas Police Officers to determine APOWW destination facilities.

This guide supersedes all past information released (including past Roll Call Training Bulletins) regarding psychiatric service providers. **Officers shall utilize this guide when making decisions on where to transport APOWW subjects.** Patrol SOP 1401 will be updated to reflect these changes.

### Law Enforcement Resources for APOWW Destinations

**Texas Health and Safety Code, Title 7, Subtitle C, Chapter 573** states that anyone who meets the criteria for apprehension by a peace officer without a warrant (APOWW) should be brought to the nearest inpatient mental health facility. Peace officers and receiving medical facility staff should never make any determination about payer source or indigency in responding to a psychiatric emergency.

#### **Per this statute:**

- (d) A peace officer who takes a person into custody under Subsection (a) shall immediately:
  - (1) transport the apprehended person to:
    - (A) the nearest appropriate inpatient mental health facility; or
    - (B) a mental health facility deemed suitable by the local mental health authority, if an appropriate inpatient mental health facility is not available.

In order to assist you in determining the nearest appropriate inpatient mental health facility, please see the list provided by the North Texas Behavioral Health Authority below as well as the associated map.

***ALL OF THESE FACILITIES MUST TAKE APOWW PATIENTS PER THE STATUTE.***

The Texas Attorney General’s (AG) office has released two opinions regarding the responsibilities of law enforcement conducting emergency detention.

- GA-0753, states that law enforcement cannot be required to transport an individual to a medical facility for evaluation prior to transporting to a mental health facility.
- GA-0877, states that law enforcement is not mandated to remain with the individual at the mental health facility, only to transport to the facility.

**Report any issues:**

If you receive any pushback from a psychiatric facility regarding this statute, you can contact the North Texas Behavioral Health Authority at **469.454.0011**

## **SUBJECT**

Authorize a three-year service price agreement, with two one-year renewal options, for public safety uniform alterations - CG Wholesale LLC, lowest responsible bidder of two - Not to exceed \$254,220.00 - Financing: General Fund

## **BACKGROUND**

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis. We anticipate the following City departments will use this agreement:

- Police Department
- Fire-Rescue Department
- Court & Detention Services
- Department of Equipment and Building Services

This service price agreement will provide for public safety uniform alterations. Through this agreement the vendor will provide alterations to ensure uniforms fit properly. Alterations may include hemming of trousers, tailoring of police uniforms, dress coats, mending minor tears, adding patches, striping, mohair, piping, or adding buttons. The Police Quartermaster facilitates alterations services to all uniformed personnel in the Police Department and other City departments who receive uniforms from Police Department Quartermaster, including the Department of Equipment and Building Services security and Marshals. Alterations services for the Fire-Rescue Department are being included in this agreement to allow them to have their uniforms mended and patches, mohair, piping, and buttons added.

An estimated 210 alterations are performed weekly and the City is charged a flat monthly fee regardless of actual number of services performed. The monthly charge includes necessary products, accessories, and equipment to support alterations functions and provide services. Alterations are provided on site at the Quartermaster facility and are typically performed while the customer is waiting. This service price agreement will require the vendor to provide a minimum of one employee during all business hours of 6 am - 6 pm, two employees to cover peak hours of 9:30 am - 2:30 pm, and three employees during times of heightened demand.

The City employees included in the agreement include:

- 3,100 police officers
- 1,936 firefighters
- 54 Marshals
- 71 security staff

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out 4,646 email bid notifications to vendors registered under respective commodities. To further increase competition, the Office of Procurement Services uses historical solicitation information, the internet, and vendor contact information obtained from user departments to contact additional vendors by phone. Additionally, in an effort to secure more bids, the Office of Business Diversity sent notifications to 25 chambers of commerce and advocacy groups to ensure maximum vendor outreach.

On November 10, 2015, City Council authorized the wage floor rate of \$10.94, by Resolution No. 15-2141; the selected vendor meets this requirement.
