

Memorandum

CITY OF DALLAS

DATE April 15, 2022

TO Honorable Mayor and City Council

SUBJECT **Update - Electric Vehicle Study**

This memorandum provides an update on the progress of the electric vehicle (EV) feasibility study conducted by the National Renewable Energy Laboratory (NREL).

- By May 22, 2022, NREL anticipates delivery of the draft report to the City. The draft report will undergo a “review and comment” period by city staff.
- On June 8, 2022, NREL will brief the Environmental Commission on the draft EV study results
- Between May 22, 2022, and July 2022, City staff will complete the “review and comment” on the draft EV report and provide feedback to NREL
- On August 1, 2022, NREL, with support of city staff from OEQS and EFM, will brief the Environmental and Sustainability Committee on the final EV report findings/recommendations"

The study will allow the City to develop the most effective and efficient policies and operational strategies for deployment and sustainment of electric vehicle technology in alignment with CECAP.

If you need further information or have additional questions, please contact Donzell Gipson, Director of Equipment and Fleet Management, at 214-671-5131.

A handwritten signature in black ink, appearing to read 'Rob Perez'.
